Oak Hill School Children Present Jeep To Army

Another Jeep was presented to the Army by the children of the Oak Hill School in Newton Centre on Friday morning, January 28th. The program opened with "The Victory March" played by the school orchestra. Barbara Hill introduced Mrs. Edgar P. Hay, chairman of the Women's Division of the Newton War Finance Committee who presented the school with a Treasury Citation for their purchasing of \$1,165.00 in War Savings Stamps and "E" Bonds.

Captain Alden Dinsmore was introduced to the school by Robert Spaulding. Captain Dinsmore thanked the children for the Jeep and told them of the many places these little cars would go: up steep hills, through rough fields, deep mud and that they were equipped to carry out the injured. A question period followed Captain Dinsmore's talk and the children were reluctant to let the Captain go.

Mrs. E. C. Bartels and Mrs. A. M. Maloney who sell the stamps and bonds each week at the school received a word of appreciation. Miss Jane Wymann, principal, and her staff of teachers do all the educational work.

After the program a Jeep provided rides for some of the children.

Fourth Member Of Family Joins Armed Services

Paul Wendell Bradley, 17, son of Mr. and Mrs. A. B. Bradley of 187 Concord st., Newton Lower Falls, has left for training in the U. S. Navy. Paul, a senior at the Newton Trade School, enlisted before his 17th birthday, on Jan. 20.

He is the fourth member of the Bradley family to enter the armed services. His three brothers in the service are Signalman 2/C Clyde Bradley, who is on a submarine in the Southern Pacific area; Cpl. Walter Bradley with the Army Air Forces at Selman Field, La.; and Cpl. Robert Bradley, stationed at Camp Reynolds, Pa. His sister, Miss Margaret Bradley, is employed at the Hood Rubber Company and there are two younger brothers, Norman, 13, and Charles, 10.

Their father, who is a contractor and builder, served 18 months overseas in France with the Canadian Army during World War I.

A fire, believed to have been started by sparks from an incinerator, caused damage estimated at \$300 to a 3-family house at 420 Water own st., Newton, Sunday. The roof of the building was ignited and the blaze spread to the interior of the house where a bedroom on the second floor was damaged.

Joseph Hohmann, his wife and six-month-old child, who occupied the second floor apartment, were driven out by the blaze.

Describes Raid Over Germany

In a dispatch from England this week Staff Sgt. John E. Corcoran Jr., 19, son of Deputy Fire Chief and Mrs. Corcoran of Newton, described the most difficult of his bombing missions over Germany, and Nazi-occupied Europe as a member of the Eighth Air Force.

As ball turret gunner on Flying Fortress, Sgt. Corcoran recently completed an operational tour and was assigned to teach gunnery to new fliers in England.

He went on many missions to targets in France, Belgium, Holland and several deep penetration raids into Germany. In recognition of his service, he was awarded the Distinguished Flying Cross, the Air Medal and three Oak Leaf Clusters.

The most trying of his combat experiences was the operation over Gelsenkirchen last August, he revealed.

"The fighters came in so close I could see the pilot's features," he said. "The sky was filled with flak. I could actually hear that popping, something that rarely happens."

The Fortress returned to its base with holes punched in its skin from nose to tail and wing tip to wing tip. The pilot's window was shattered. The crew however, managed to escape injury.

Charles C. Raffi, 27, of 264 Harvard st., Cambridge, an employee of the Star Market, Newtonville, received a bad gash on his right hip when a knife slipped as he was cutting meat in the refrigerator Saturday afternoon. An improvised tourniquet was applied by fellow workers to stop the flow of blood and he was taken to the Newton Hospital by Lt. Daniel E. Crowley and Sgt. Richard L. Brown of the Newton Police department.

At the hospital it was necessary to take ten stitches in the man's thigh.

An increase in the overall attendance at the Rebecca Pomroy House, Newton was reported yesterday at the annual meeting when Mrs. Hugh S. Hince was reelected president.

Other officers elected were Mrs. Cecil Clark, vice-president; F. Sayford Baker, treasurer; Kenneth L. Barton, assistant treasurer; Mrs. Warner Eustis, recording secretary; Mrs. Leroy Connel, corresponding secretary; F. Sayford Bacon, Mrs. Cecil W. Clark, Mrs. H. Robert Smith, Mrs. Marvin Allen and Mrs. J. Riley Hampton, directors for three years. Mrs. George W. Auryan, who retired from the board after many years of service, was elected an honorary director.

Treasurer Bacon reported that \$3.37 had been returned to the Newton Community Chest from the amount allotted the House for last year. Miss Betty Brooks reported that the nursery school is attended by 20 children, five hours daily. The work of the sewing groups was outlined by Miss Phyllis Schipani and Mrs. Frederick H. White told about the "Socialists" who entertain British and Australian servicemen every month for the USO. The activities of the Mothers' Club including bowling, whist, penny sales, sewing, plays, Red Cross work and supper parties, were reported by Mrs. Isabelle Norton.

Miss Helen I. Sandstrom, executive director of the House, stated that the over-all attendance increased from 17,172 to 20,666 during the past year. She stated that some of the activities showed a drop in attendance due to wartime conditions, but increases in younger girls attendance more than made up for the loss.

Other directors of the House are Miss Eugene F. Bradshaw, Mrs. J. Leroy Connel, Mrs. Warren Eustis, Mrs. Walter W. Jamison, Mrs. Frederick J. White, Miss Louise Lovett, James B. Melcher, Miss Bertha W. Allen, Mrs. Clarence R. Mease and Mrs. George W. Taylor, Jr., until Jan. 1945; Mrs. Hugh S. Hince, Miss Florence Heard, Mrs. James B. Melcher, Mrs. Edwin I. Davis School Buys \$1165 War Stamps

Friday, Jan. 28, was a big day for the children and teachers of the Davis School in West Newton for they had purchased over \$1165 in War Savings Stamps and Bonds and thereby completing a campaign in a few weeks' time which purchased a Jeep for the Army.

The afternoon program opened with "The Victory March" played by the school orchestra. Thomas McKay introduced Mrs. Edgar P. Hay, Chairman of the Women's Division of the Newton War Finance Committee, who presented the school with a Treasury Citation for completing a successful campaign. Capt. Alden Dinsmore, who is at home on sick leave after 19 months' service in the South Pacific, accepted the Jeep for the Army and told of his experiences training native troops to drive these little Jeeps and of the many things that they would do. Diana Boynton gave a report on the number of stamps and bonds sold at the school from Sept., 1943 to Jan., 1944.

After the program a Jeep provided rides for some of the children and all the others had an opportunity to walk through so that all could say that they had been in the Jeep which they had bought for the Army.

Miss Mary Bradley and the teaching staff have charge of the educational work in the school and Mrs. D. Earl Brackett handles the sale of stamps and bonds each week.

Music School Ends Bond-Stamp Drive

On Monday, Jan 31st, the All Newton Music School brought to a close its War Bond and Savings Stamp drive which it had been sponsoring all during the month of January. The enthusiastic response from students, parents, former pupils and many friends to the efforts of the Board of Trustees and staff of the Music School has been such, that instead of one Field Ambulance at a cost of \$1780—the goal set for the drive—there will be a Jeep at \$1165, provided through purchases of bonds and stamps by pupils and friends of the school, and in addition, purchases by board members and friends of the school will provide six Field Ambulances instead of one, with a substantial balance toward other equipment.

One interested little girl, a student in the piano department, asked if this balance could not go toward furnishing one of the small camp pianos being made especially for the armed forces. As this would be most appropriate coming from a music school, the matter is being considered and will be done if it can be arranged.

On Lincoln's Birthday, Saturday, Feb. 12th, at 10 a. m., parents and friends are invited to attend brief exercises to be held at the Clavin Headquarters in Newtonville, at which time Mrs. Edgar P. Hay, Chairman of the Women's Division of the War Finance Committee of Newton, will present a citation to the school for providing a Jeep. Following the exercises, which will be held in the wooden building of the Clavin School, an opportunity will be given to those present to inspect the Jeep which will be parked in the school yard.

One of the Field Ambulances is to have a plaque installed on the inside which will read: "Presented to the United States Army by the All Newton Music School, Inc., of Massachusetts." The plaque, which is metal and is provided by the United States government at a cost of \$450, is made possible by a check for this amount from an interested friend of the school. At the close of the drive on last Monday, the grand total for bond and stamp sales which had been credited to the Music School amounted to \$12,679.35. Since the drive has now ended at the school, other credits which may be sent in will be recorded and acknowledged, but will be turned over to the credit of the Newton War Finance Committee.

The Board of Trustees, faculty and staff of the All Newton Music School greatly appreciate the generous response of the many friends who have helped to make this drive so great a success, and wish to take this opportunity of thanking each and every one who has had a share in it.

LT. MCKINNON RESCUES DOG FROM CHARLES RIVER

Lt. John McKinnon of the Metropolitan Police, Riverside Station, rescued a Dalmatian dog that had broken through thin ice on the Charles River near Quinobquin rd., Waban, last Thursday. Residents who had seen the animal struggling in the water about 20 feet from the shore notified the police and Lt. John McKinnon and Patrolman John Boudreau responded. Using a ladder to crawl over the ice, Lt. McKinnon succeeded in hooking the dog's collar with a long pole and brought him ashore.

LETTER TO EDITOR

Dear Sir:
I do not advocate having your house on fire, but if you must, be sure to have it happen in Newton. I did. The Fire Department arrived about three minutes after my panicky call for help. Those were three long minutes. Then those two big engines roared up, and the firemen took over completely. What a wonderful relief! They put out the fire, causing little water damage, cleaned up the mess and took care of everything down to the smallest detail. They are efficient, thoughtful and a thoroughly splendid group of men. My gratitude is boundless.

City To Receive \$10,205 From "EI"

The City of Newton will receive the sum of \$10,205.30 as its share of the nearly one million and a half dollars paid to the Commonwealth of Massachusetts this week by the Boston Elevated Railway.

John H. Moyn, executive vice-president of the Boston Elevated has turned over to State Treasurer Francis X. Hurley a check for \$1,301,191.50. The cities and towns served by the EI will receive from this amount proportionate to the amount they were assessed then deficits occurred.

The 25th annual report of the Boston Elevated Railway contained the details which made the record profits possible.

In the last three years passenger traffic on the EI has increased 12 per cent. In 1943 they carried 13,203,633 passengers, an increase over the previous year of 7,938,392 and 37,186,295 over the year 1917 the previous record years of the EI. The total income of the EI for 1943 was \$37,537,319.55, the highest in the history of the road.

As a result of the amount which the City of Newton will receive it is estimated that the tax rate will be reduced by at least 6 cents.

CLASSIFY NEWTON NURSES FOR WAR SERVICE AND CIVILIAN REQUIREMENTS

The Newton Committee on Nursing for War Service was organized as a member of the Greater Boston Nursing Council for War Service on January 9, 1943, at the headquarters of the Newton District Nursing Association. At a later meeting Miss Grace M. Lawrence was appointed chairman and Miss Hilga S. Nelson secretary and representative of the Council.

The committee membership is representative of all the different branches of nursing in Newton. Miss Mabel McVicker, Director of Nurses, Newton Hospital; Miss Grace Russell, Director of Out Patient Department, Newton Hospital, in charge of nursing personnel for Casualty Stations; Miss Alice Whitten, private duty, Newton Hospital; Miss Grace Lawrence, Supervisor of Nurses, Newton Health Department; Miss Hilga S. Nelson, Executive Director, Newton District Nursing Association; Miss Charlotte Simon, Health Advisor, Newton School Department; Mrs. O. J. A. Wilson, American Red Cross Committee; Mrs. R. G. Hoskins, Day member; Mrs. Alden Speare, Federation of Women's Clubs; Mrs. Robert Moors, Nurses' Aides of the Red Cross; Miss Phyllis Keene, Student Recruitment and Miss Ruth Ross, Industrial Nursing.

There have been six regular meetings and six meetings for the purpose of classification of Newton Nurses held during 1943. Besides the big job of classification of Newton nurses for availability for war service and civilian needs, the committee has been interested and helpful in the recruitment of student nurses, volunteer service with the Newton District Nursing Association, scholarships, publicity and recreation for nurses in the service. The possibility of making this committee so valuable that it may continue to operate after the war needs have been met is being considered. Its chief function in peace time would be proper placement of nurses to meet nursing needs in Newton.

The Newton District Nursing Association has given a course of lectures to its first volunteer class of four who are now helping in the work of the nurses in the homes. It is hoped that this is only the beginning and that by the end of another year there may be a large group of volunteer

workers who will be in a position to help in the home in the case of emergency as well as making their service available as needed in the general program of the association. Prerequisite to this work are either the Red Cross Nurses Aide or the Home Nursing Courses.

The Newton Hospital has had 109 of its senior and new student nurses join the Nurse Cadet Corps.

Approximately 70 nurses have left the Newton Hospital for military service and the School of Nursing has increased its enrollment to such an extent that on January 1st, there were 159 students in the school.

The Committee has classified 428 nurses, 223 of whom fell in the age group under 45 years and 124 in the 45 years and over group. Of the remaining 81 nurses some had either moved from Newton or were classified by other cities or towns.

The 223 nurses in the military age range were classified as follows:

- 53 immediately available for the armed forces.
- 33 availability questionable because of marriage.
- 50 available for relocation in the community.
- 20 were temporarily deferred because of essentially in their present positions in hospital, public health or industry.
- 22 were considered essential for unlimited duration in the above mentioned fields of nursing.
- 35 were not available for any nursing service at the present time.
- Of the 124 nurses in the 45 and over group:
- 77 were essential for unlimited duration in their position.
- 32 were available for relocation in the community.
- 14 were not available for any nursing service.

The function of the Newton Committee on Nursing for War Service is as follows:

1. Aid in recruitment for military service; Guidance to individual nurses or employers.
 2. Recruitment of students.
 3. Continuous analysis of community nursing shortage in all institutions and agencies and industries.
 4. Continuous upkeep of roster of available nurses.
 5. Placement of available nurses in place of need.
 6. Assistance with supply of nurses for emergency civilian defense set-up.
 7. Promotion of refresher courses and recruitment.
 8. Upkeep of roster of auxiliary nurses, attendants, non graduates, etc. and placement.
- Contact with this committee may be made at the Newton Community Council office, 98 Union st., Newton Centre 59. L.A.S. 5121.

"LET'S ALL BACK THE ATTACK"

The Fourth War Loan now shifts into high. With the turn of the month, Massachusetts began to tally bond sales to corporations, insurance companies and other big buyers to strive for its \$794,000,000 overall goal by Feb. 15.

Until this week, we have seen only our bond efforts as individuals. In these sales lies the true meaning of the Fourth War Loan slogan, "Let's All Back the Attack." Our bond buying, in this citizen role, has been fair. It has not been good enough. For us, our \$258,000,000 quota for individuals is still distant.

The so-called big buyers of Fourth War Loan bonds are not taking over. They are merely beginning to play their part. They will not take up the slack for there must be no slack. It is our war job, as comfortable citizens, to keep a tight financial line. Our task is to buy war bonds and to buy extra war bonds to send the Fourth War Loan forth towards victory.

The lesson of Bataan needs no re-telling. Such horrors burn deep as our sons and daughters and fathers in growing numbers march off to war. We must protect them from such fate. Our dollars in war bonds send them guns and planes, not too little nor too late. We must bring them home. Our dollars in war bonds speed this day of triumph.

Our Fourth War Loan dollars bring their own emblem of honor. It is a red, white and blue badge. It says "We Bought Extra War Bonds, 4th War Loan." This is a symbol of a job well done. Put it in your window. Let your neighbors know.

Dewey and Taft

The above may sound like a queer caption, but there is a very definite reason for it. It may be just a coincidence, tho' I doubt it, that on Saturday last Westbrook Pegler and Drew Pearson, writing in the Boston Traveler (and numerous other syndicated papers as well) appeared to arrive at the same conclusion; namely, that Governor Thomas E. Dewey of New York was the man Mr. Roosevelt would have to beat next fall. Pegler wrote as though the matter was all but settled right now. Pearson quoted White House authorities as stating that Mr. Roosevelt, personally, had announced that Dewey was the man to worry about. Furthermore, it was intimated that the President was going to go after Mr. Dewey even to start in doing a job on him before his campaign even started. This, needless to say, involves certain difficulties, inasmuch as Governor Dewey has not yet announced his candidacy. Indeed, it is quite possible that there never will be any announcement. The cagey New Yorker may decide to sit tight and abide by his original flat statement that he proposed to finish out his complete four-year term as Governor. That, in itself, would not prevent a "draft Dewey" movement prior to the Chicago convention of the Republican party.

Now, this is how Mr. Taft of Ohio comes into the picture, last Sunday, in the course of his regular radio broadcast, Drew Pearson suggested that we watch developments in Texas in the coming weeks. He intimated that Governor Bricker of Ohio would suddenly show strength in that territory, but went on to say that nothing would come of it and that this same strength would hereupon be handed over to the other middle-of-the-road gentleman from Ohio, Senator Robert T. Taft. Pearson then stated that there would soon be important developments affecting the gubernatorial candidacy of former Governor Stassen of Minnesota, currently serving in the Navy. Other potential candidates were briefly referred to, as I recall the broadcast, which wound up by intimating that the G. O. P. convention would eventually become a wide-open affair and wind up in a deadlock, RESULTING in a typical dark-horse nomination. The man in question would, presumably, be a conservative, possibly even, an isolationist, Pearson finally gave his listeners the name of the Senior Senator from Ohio, Hon. Robert A. Taft.

Frankly, I can think of no better way for the G. O. P. to commit political suicide than by nominating this very estimable gentleman of high character, negative personality and complete absence of political sex-appeal. It would be extremely hard for thousands of good Republicans to vote the G. O. P. ticket with Taft as the standard-bearer.

Before leaving this subject, may I suggest that all this may be just one more new phase of the "stop Willkie" movement, which is, without question, growing all over the country. It is disturbing to note how many normally Willkie-minded people are now beginning to discover that this man has certain limitations and political disadvantages. The hard-boiled G. O. P. leaders who either fear or distrust Willkie are now beginning to see the results of their tireless work. Let us hope that they will not in the final analysis, be successful in their determination to throw overboard the only Republican who can take Mr. Roosevelt into camp.

Norfolk County Republicans

The Republicans of Norfolk County did a grand job last Saturday in rounding up over two hundred members of their flourishing organization in Wellesley, where they sat down to one of the best political dinners I have ever eaten and then listened to splendid addresses by our own Congressman, Hon. Christian A. Herter and by the minority leader of the G. O. P. in Congress, Hon. Joseph W. Martin of No. Attleboro. Mr. Herter made the dry subject of food seem almost lively and did a fine piece of work in answering some very difficult questions during the question period. That, incidentally, was one of the best parts of the entertainment. Mr. Martin gave a most enlightening report on the probability of overturning the lower House next fall. Even the Democrats, according to the speaker, are extremely gloomy and disheartened concerning their prospects. Mr. Martin also paid his respects to the rather crude handling of the soldiers vote proposition. He is confident that some bill will eventually be passed which will give all our men in the armed forces a chance to cast a complete vote.

Congressman Richard B. Wigglesworth of Milton was detained in Washington by a "touch of New Deal grippe," but he sent a powerful telegram which blasted the New Deal unmercifully. Congressman Martin, incidentally, performed a graceful act by taking all the blame for his colleague's absence. He needs him on the floor of Congress and sent him to bed!

A prominent real estate agent says that there will be fewer houses for rent this spring than ever before in his knowledge of Newton. There are at present only 4 or 5 vacant in Wards 1 and 7 and many calls are being made for comfortable houses at a rental of from 4 to 5 hundred a year.

The Eliot Church clock (Newton) was illuminated for the first time Thursday night, and made a very brilliant appearance.

G. P. Atkins (Newton) will serve Bensdorf's Royal Dutch Cocoa free to all tomorrow, at his store in Bacon's block. This is said to be a delicious form of cocoa, and every one is invited to call at the store and have a cup. Waiters will be on hand all day. Such an effort to introduce a new thing should be popular, and the makers appear to be very confident of its merits.

The ice was 8 inches thick on Bulloah's pond Thursday. The dealers are praying for a cold spell. When the ice is 12 inches thick they will commence cutting.

On any of these icy days the busiest place in the city is Delaney's Leland & Howitt's blacksmith shop. Horses are crowded in the shop the first thing in the morning and as fast as one is shod there are two to take its place, and this keeps up till late in the evening. An extra force of men is kept but as about every horse in the city has to be sharpened in icy weather, and as they do the greater part of the work in Newton, they have their hands full. This winter has been a busy time with all the blacksmiths.

A REPORT ON WARTIME OPERATION

THIS report from the Boston Elevated Railway is addressed to all who are directly or indirectly affected by the operation of public transportation, which, in the past two years, has become an absolutely essential part of wartime activities in the Greater Boston Area. In reviewing 1943, we are thankful that the various tasks expected of the "El" have been accomplished. We were aided in the performance of our job by four favorable circumstances: the co-operation of the riding public; the ready response of men and women in Metropolitan Boston to our urgent need of operating help; the advantage we had of a railway system properly maintained over a long period of years; and a timely reconditioning of stored equipment undertaken in 1941 in anticipation of the shortages which developed in full force in 1943.

1943 WAS A CHALLENGE

When 1943 began we knew there were great difficulties ahead. The volume of passenger traffic was rising steadily. Throughout the summer months, when normally "El" traffic is lightest, the number of riders continued high. The already heavy load of rush-hour traffic between 5 and 6 p.m. was increasing almost to capacity. The over-all riding was heavy too. In fact, for the whole year, a new record for the number of passengers carried was established. The total cost of the service was bound to increase because of the greatly increased service being furnished and because of increases in taxes and in wages and in the cost of materials and supplies. The problem of maintaining track and equipment in the face of serious shortages of materials promised to become acute. We knew we would lose hundreds of employees to the Armed Forces, a loss which would require intensive recruiting.

THIS IS WHAT WE DID

To meet these contingencies we needed help. And you, the public whom we serve, gave it. We asked you to avoid rush hours by riding, whenever possible, between 10 a.m. and 4 p.m.; to move up in the car or bus and not crowd around doorways; to wait for a less-crowded car or bus; and to have the exact fare ready when you could—all to help speed up transportation and allow us to take care of the heavily increased traffic.

Our repair and maintenance forces performed miracles in keeping our equipment up to the El's high standard of safety, the men and women there knowing full well that a breakdown or even a reduction in transportation service would have harmful reactions on the war effort. Our operating force handled the increased traffic with exceptional skill under trying conditions. In advertisements and posters we offered jobs to both men and women and the response was excellent.

And Here's Good News

We paid \$1,301,191.50 to the Commonwealth of Massachusetts for distribution to the cities and towns in the area served in proportion to the amounts which they have been assessed. We also paid to the City of Boston the 1943 Governor Square Extension rental of \$228,614.42 which the railway would not have been obligated to pay if there had not been a sufficient excess in the reserve fund.

THE PROSPECT FOR 1944

Transportation of workers is, and will continue to be, a vital factor in the production of war materials. In 1944, our services to war plants, such as the Navy Yard and the Army Base, will continue to get priority. If many more of our married men with children are called to the Armed Forces there will be need of further employment of women to replace them. Greater effort will be necessary to obtain repair material and substitutes for material no longer available. In the maintenance of equipment, the El's high standard of safety will be upheld even if that should mean a curtailment of service. In 1943, we received 19 new buses and 30 new trackless trolleys, all of which are in use today. During 1944 we expect the delivery of at least 150 new trolley cars and of some more new buses. Passenger riding may have reached its peak in 1943, but uncertain factors such as additional restrictions in the use of gasoline, or

shortages of rubber tires, could cause further increases in riding. A further cut in bus mileage under an O.D.T. order similar to the one received and complied with by the "El" in 1943, may come in 1944. Yes, 1943 was a tough year for all of us—but with all its promise of success, 1944 may be tougher still.

The Boston Elevated Railway says "Thank you" to the riders who changed their hours of travel; to the passengers who cheerfully put up with crowded cars and buses; and to all of our own employees who worked hard to keep the wheels moving.

With the continued co-operation of all, we will be able, in 1944, to furnish transportation service, when and where needed, to the limit of the railway's available capacity and within the restrictions of a war economy.

Lions Club

The Newton Lions Club, at their regular meeting last Thursday, enjoyed a very interesting talk on refrigeration by Lion Herbert M. Dunn of the Automatic Refrigeration Company.

Lion Dunn, a member of the Newton Club, traced the history of refrigeration from its earliest development to present-day use.

JUST THINK

This past summer America experienced its worst epidemic of infantile paralysis in many years

Think — of our tremendous war production and of how infantile paralysis, had it not been countered, might have sabotaged that war production.

Think — how your dime and dollars contributed to the Annual Appeals of The National Foundation for Infantile Paralysis helped check the epidemic threat to our vital war effort.

Think — how the greatest minds and skills in medicine coped with the epidemic; how supplies, hospital equipment, respirators, apparatus of all kinds were rushed to stricken areas so that all victims, rich or poor, regardless of age, race, creed or color could have adequate hospital and medical care.

Think — again of the magnificent job your dime and dollar have done in fighting this disease this past summer.

Think — what 1944 may bring... we do not know. But we do know that we need your help to win this battle. This is your fight—a fight for all of the human benefits symbolized in the Stars and Stripes. Then—

Fight Infantile Paralysis Now!

He also stressed the various types of refrigerating systems and the multitude of uses in which refrigeration now plays a prominent part. A refrigeration engineer, of many years' experience, Lion Herb ably answered all questions put to him by club members and also forecast some of the new and useful applications in which air conditioning and cooling systems will be used.

The speaker at the next meeting will be Raymond C. Baker, Executive Vice President of the Mutual Fire Insurance Association of New England.

Pay Tribute To Founder Of WCTU

The birthday anniversary of Frances E. Willard, founder of the World's Woman's Christian Temperance Union was celebrated at the February meeting of the Newton W. C. T. U.

Book reviews were given of the lives of Mrs. Beranda Wallace, mother of Gen. Lew Wallace, Mrs. Annie Wittenmayer, the first president of the national organization and other noted temperance leaders.

In the discussion of the article "Gangsters Against Women" by L. J. Hovver, head of the F. B. I. for the Sunday Herald, Jan. 16th, appreciation was expressed that he has made an appeal to all citizens to "Wake Up to the Facts. Crime Thrives on Apathy" and asks for help from all of us. One important request that he made is to "Combat Juvenile Delinquency as it is from the youngsters now growing up that the underworld will snare most of its recruits." This fact has always been recognized by the W. C. T. U., which has a department of Child Welfare.

A report of the scientific pictures now being shown to children under the auspices of the Newton Union, was given by Mrs. Julia W. Keene, Director of exhibits.

Members, and friends attended the February Institute of the Mid-dex County W. C. T. U. held at the Homecraft Demonstration rooms, Boston.

Mrs. Sarah S. P. Stevens, president of the Newton Union, spoke on the subject of Radio. She emphasized the importance of radio's influence for good or evil on the character of children. She urged the women to solicit more money for the continuance of the educational broadcasts of last year, which were sponsored by the New England states executives. Mrs. Leila D. Warren, president of Mass. W. C. T. U., 302 Marlborough st., Boston is the chairman of this committee.

Enthusiastic support of J. Edgar Hoover was expressed at both meetings.

LT. JOHN HAROLD BECHTEL REPORTED MISSING

Lt. John Harold Bechtel, 23, elder son of Mr. and Mrs. Harold H. Bechtel of 35 Bradford rd., Newton Highlands, was reported lost at sea on Nov. 20th. He was stationed in California and was flying in squadron formation when he had engine trouble. It is believed he crash landed in the water about two and one-half miles from land.

Lt. Bechtel was a graduate of Newton High School and studied Civil Engineering at Northeastern University for three years. He was an honor student during his freshman year at college and had made a splendid scholarship record in his chosen field. He received his commission as a Second Lieutenant in the United States Army last July and was pilot of a P-38 (Lightning).

turned to Nonantum and chances
are that the old Lake may come
to life again unless it decides to
succeed in the meantime.

OLD FOLKS...

There's nothing to worry about
concerning the old folks. They're
doing all right. The point system,
devised so to distribute the nec-
essities of life, is adequate and
fair to all. People probably don't
have everything they'd like, but
they do obtain everything they
need. As a matter of fact, most
of the old folks are working at
something or other these days and
they haven't the time or desire to
complain. They're in there with
everyone else, doing every-
thing humanly possible to help
get the war over and bring their
fighting sons back home.

DEFENSE WORKERS...

The case of a young local ma-
n, answer the sailor's inquiry con-
cerning defense workers, their
wages and status, in the draft.
This youngster celebrated the
happy birthday making him eligi-
ble for service a few months ago.
On his birthday eve, a group of
youngsters, boys and girls, aware
of his intention to enlist the next
morning, arranged a surprise
party at his home, in his honor.
A number of his former school-
mates were there in uniform and
the young people danced the night
away in great jollity. The boy's
parents, proudly, but with lumps
of ice where their hearts should
have been assisting.

The boy was rejected physical-
ly until the next day. He tried
every branch of the service dur-
ing the weeks that followed with-
out success. Dispirited, a 4-F
classification forced him to seek
a job in a defense plant. His
wages amount to about forty dol-
lars per week. He estimates that
after deductions for income and
victory taxes, plus lunches and
transportation expenses, he has
about twenty dollars for himself.
He saves what's left after board
and living expenses have been
met and journeys out of town in
a never ceasing effort to join
some branch of the service. Last
week, in desperation, he went to
Canada and tried his luck there,
but the Canadian armed forces
couldn't use him either.

This kid's experience may
shade a little on the extreme, but
it's more or less typical. No-
body's fooling Mr. Whiskers. Males
of military age are simply num-
bers to the draft boards and the
decision of the army doctors is
final. If Young America has what
Uncle Sam needs, he's in. If he
hasn't, he's out. There's nothing
he can do about it, one way or the
other.

THE GALLS...

Now for the sixty four dollar
question—the girls... In this writ-
er's opinion, an opinion, incident-
ly, that's based on observations
nightly, from 7 p. m. until 7 a. m.,

seven days each week, Miss and
Mrs. America are guilty of but
one mislay—too many of them
are overtaxing themselves in
their zeal to hasten the end of the
current unpleasantness.

Hundreds of local women are
employed at the Arsenal and the
various defense plants as laborers.
They are actually doing pick and
shovel work, juggling heavy cases
around and in general, taking on
where the rugged male took off.
Thousands of them set the
alarm for 4:30 a. m. so's to be on
the production line at seven and
during the summer say about 3
a. m. its not unusual to see a
hundred or more swing shifters
enjoying a bit of fresh air on the
grounds, during the recess period.

It isn't compulsory that they
work. Ce-tainly thousands of
them could find easier jobs. They
are not living in Hitlerland or the
and of Rice and Rats where the
lives do as they are told. Its
imply that this is their America
and that all of them are volun-
teers on the home front, in an all
out effort to bring their warriors
ome.

Briefly, concerning the romance
department, and this will be brief
o's to keep the "Merry Go Round"
out of the Rover Boys' League,
so far as qualified observers can
see, romance for the majority of
gals is carried on by mail. If you
could see groups of from six to
twelve of them attending the mo-
dies, gabbing about letters to
write and their weeping willow
"hen parties," you'd get the gen-
eral idea.

LINCOLN HOYT IS HOME ON FURLOUGH

After undergoing nearly 60 air
raids during 10 months in action
overseas, Quartermaster 3-C Lin-
coln R. Hoyt, 21, son of Mrs.
Ralph Hoyt of 30 Bernard st.,
Newton Highlands has arrived
home on a brief furlough.

Hoyt has been on a seagoing
Navy salvage tug which operated
in North Africa, Sicily and Italy.
One of the riskiest of the tug's
experiences was extinguishing a
fire on a merchant ship filled with
explosives in Naples Harbor. Hoyt
entered the Navy in October,
1942 and after receiving "boot"
training at Newport, R. I., was
sent overseas on March 1, 1943,
with an amphibious force. He was
later transferred to the seagoing
tug. In all the air raids which he
experienced, the only casualty was
to a chief petty officer, standing
50 feet away from him, who was
hit by shrapnel.

While his tug was in a North
African harbor, Hoyt met Frank-
lin Roosevelt, Jr., the president's
son, who was attached to a de-
stroyer, which was being repaired
there.

state board after the local board
rejected the application to extend
the scope of the license. The New-
ton board renewed the cafe's li-
cense to serve wine and malt be-
verages, but refused to grant a li-

A PRAYER FOR OUR FIGHTING BOYS

From Dr. Kalman Friedman
Rabbi of Temple Emanuel
Newton Centre

O God, our Heavenly Father,
we implore Thy guidance and
Thy loving mercy. We commit
our lives and the lives of our
dear ones to Thy fatherly care.
Thou alone knowest what the
future has in store for us, but
we trust in Thee and fear not.

Send Thy healing balm to the
sick and wounded. Spread Thy
protective wings over our
whenever wherever they may be;
whatever sky is over them;
whatever soil is beneath their
feet.

Let the light and warmth of
America's ideals be ever near
us; let God-consciousness in-
spire the torch bearers so that
we may bring respect and love
of moral freedom to all the in-
habitants of the land.

O Lord, we pray that Amer-
ica and her responsible leaders
be thus blessed that we recog-
nize our opportunities as our
responsibilities; that we walk
in friendship and humility.
May hatred cease and intoler-
ance be banished, and let Thy
will be done to unite all the
Nations of the Universe, in
which they shall recognize the
fatherhood of God and the
brotherhood of men. Grant us
fortitude, hope and peace.
AMEN.

Stamped Citrus

According to citrus specialists of the department of agriculture, it's usually the Florida and Texas oranges that bear the stamp required by law when color is added. Wide variations in day and night temperature and the presence of iron in the soil of California make the color of the skin much deeper, and therefore no help is needed to make the western orange really "orange colored." The Florida orange, however, often reaches maturity while the skin is still green, and to get the traditional bright color, a special beauty treatment is required, so to speak.

The Mayflower in War

The Mayflower, veteran of the Spanish-American war and prominent in the news from time to time during the administration of several Presidents who used her for brief excursions, is going to war again, having been refitted as a coast guard cutter. She was built in 1896 and almost destroyed by fire in 1931, but is again going strong. More power to her!

Potato Tuberworm

Larva of the potato tuberworm when full-grown ranges from three-eighths to one-half inch in length and may be pink, green, white, pale yellow or light brown, with a brown head. The kind of food eaten by the worm apparently affects its color. The adult is a very small, narrow winged moth, three-eighths to one-half inch long and with a wing span of about one-half inch. It has a silver-colored body and minute black spots on the grayish-brown wings.

Have Less Vitamin C

Tomatoes contain about half as much vitamin C as do citrus fruits, while canned pineapple contains only one-third as much. Different varieties of the same kind of fruits often vary greatly in vitamin or ascorbic acid value, but in general the more tart, juicier varieties contain two to five to six times as much as the milder flavored ones. Most fruits increase in vitamin C as they ripen.

Minerals From Soil

Vegetables get minerals from the soil. If the soil is deficient then the vegetables will be low in minerals. An inadequate mineral supply in the soil has also been shown to cause a decreased vitamin content of vegetables. Mineral deficiency may also delay maturity, and even be responsible for the loss of a crop due to an early killing frost.

Tropical Crops

Bananas, fine coffees, and cane sugar are the greatest export crops grown in the fertile alluvial soils in Central America. But a wide variety of other crops grow plentifully—corn, beans, melons, avocados, pineapples, chocolate and cocoa, Honduras mahogany (the world's finest), abaca (the strategically important rope fiber), rotenone insecticide, quinine, chicle, rubber, teakwood, cork, cedar, palm oil and other plant oils, spices, tannin and many others.

Grape Pruning

Probably nothing is more confusing to the amateur than the subject of grape pruning. In its briefest terms, the principle of grape pruning is to leave a comparatively few long canes of the past summer's growth which arise from two-year-old wood; generally two to five canes of such length that they will carry four to ten or twelve buds each.

Large Indian Population

Mexico has one of the largest Indian populations in the New World.

KIWANIS CLUB

A budget report for 1944 was one of the features of the Kiwanis business meeting held last Tuesday at the Y. M. C. A. Mr. Noel outlined the budget suggested by the executive committee at Monday night's meeting.

A letter received from Paul Shannon was read by President George. Jimmy Riggs was presented with his hundred per cent attendance pin by Archie Belling. Two or three new members will be inducted next week. The speaker next Tuesday will be Mr. Thomas McGowan, Scout Executive of the Norumbega Council. He will talk about scouting activities which are in the limelight because of Boy Scout Week.

Walley Finley introduced Mr. Alex A. Robertson, head of the sanitation program of the city of Newton. This department has charge of the testing and certifying of all the milk coming into the city. Mr. Robertson said that Newton as a city has a good public health program, first, because no politics are involved, and second, because capable officers have been chosen. Mr. Robertson said that the city of Newton consumes thirty-six thousand quarts of milk per day. This amounts to eighteen tons of milk. He told in detail of the way in which milk is gathered, shipped, weighed, and processed. According to Mr. Robertson, the city of Newton supervises the activities of fifteen milk receiving stations. He brought with him some apparatus used in testing milk and explained some of the methods used in detecting improper methods of cooling, unsanitary utensils, diseased animals, and so on. The microscope is used extensively in this connection and Mr. Robertson showed several enlarged pictures of the various microscopic bacteria found in milk. His presentation was very informative and enlightening.

Jack Janse was given a vote of thanks for heading up the January programs and Walley Finley will proceed to take charge of the February meetings.

White Reflects Color

White is the sum total of all colors, reflecting them all and absorbing none. There are six standard colors, of which three are primary: red, yellow and blue. The three secondary colors are obtained by mixtures of the primary colors: green (blue and yellow), orange (red and yellow) and purple (red and blue). All other colors are combinations of these.

HIGH SCHOOL SERVICE FLAG IS UNVEILED

Newton High School's service flag, bearing 1,093 blue stars and 26 gold stars, was unveiled on Jan. 19. Mr. Raymond A. Green introduced Howard Abbott, President of the Associates. Before the unveiling of the flag, Abbott called attention to our present status in the war. He said, in part: "Strategists tell us that we have passed the turning point—that we have started on the upgrade—but they add that the grade is steep, and the going very difficult."

The curtains fell apart, revealing simply and gloriously the service flag. The numbers of its stars will be increased as soon as school war records are completed.

Ruth Conant recited "A Soldier Speaks." Millard Harmon briefly sketched Alan Seeger's purpose in writing "I Have a Rendezvous With Death." Having explained its present significance, Harmon read the poem.

While the audience stood at attention, George Dummer, president of the Civics Board, read the names and classes of 26 alumni who have given up their lives for their countries. The assembly was brought to a close with an echo duet of Taps, by Russell Cox and Robert Weeks.

MAYOR GODDARD SPEAKS AT KIWANIS CLUB

A report on the recent convention of mayors in Chicago, which he attended, was presented by Mayor Paul M. Goddard at the meeting of the Newton Kiwanis Club. The mayor was presented by Past President John A. Janse.

Mayor Goddard began his address by thanking Kiwanis for the various ways in which it has served the city of Newton through various projects, particularly the servicemen who are being sent copies of "What's Cookin' in Newton," which is made possible by Rotary and Kiwanis. The mayor spoke about the coordinating committee which is working to provide help in readjustment to returning servicemen.

President George Van Buskirk conducted the meeting. Letters were read by Ben Louis from boys in the service who have received "What's Cookin'." Letters have come from Brazil, Pearl Harbor, Iran, India, the Aleutians, and from the sea with the fleet.

W. H. DOWLING AGAIN HEADS POLICE ASSOCIATION

Sticker Rival Is Defeated

In the most spirited election held by the organization in years, William H. Dowling was re-elected president of the Newton Police Benefit Association at the annual election at police headquarters recently and Philip Purcell was re-elected secretary.

Dowling and Purcell were opposed by a slate running on stickers. Thomas F. Leehan was re-elected treasurer without opposition.

Out of a field of a dozen candidates, Thomas L. McEnaney, Patrick J. King, Charles E. Walker and Walter Hartford were elected members of the Board of Directors. McEnaney polled the highest vote.

The interest in the election in view of the opposition slate was so great that all except one member of the force cast their ballots.

FIGURATIVELY ASLEEP — FINED \$20

Although he testified that he spoke only figuratively when he told the police that he fell asleep at the wheel of his car at the time it struck a machine a Newton Centre resident was fined \$20 in the Newton District Court on a charge of operating to endanger.

The defendant told the court that when he said he fell asleep he meant it not literally, but as one would say "asleep at the switch."

SENDS CAPTURED JAP FLAG TO PARENTS

A captured Japanese flag, received recently by Mrs. Dominic Caliguri, 43 Riverdale ave., Newton, was proof that their son, Pfc. Albert D. Caliguri, 25, who has been serving in the South Pacific for two years, has attained one of his greatest desires.

"I have tried to get one of these for two years," he wrote, indicating that however numerous have been the victories of the American forces over the Japs, the supply of enemy flags, Newton has far from met the demand for them as souvenirs.

The Newton youth, who is in the Army Signal Corps, revealed that the term "island-hopping" aptly describes his movements. "We have entered island after island, with practically no rest," he wrote. He told of spending his "second Christmas in foxholes." Among the islands on which he has served are Munda, New Georgia and Guadalcanal. He has been in the Army three years.

NEWTON SCHOOLS BOND SALES OVER \$386,000

Word has been received from the director of "Schools at War" program, State War Finance Committee, announcing that the Newton schools were on the Honor Roll for cities and towns which have reached a 90 per cent or better over all student and teachers participation in purchasing War Stamps and Bonds for September and October.

Total sales in all schools from March 23, 1942, up to Jan. 1, 1944 were \$386,795.25. This total includes public schools and three parochial schools St. John's, Sacred Heart and Our Lady's.

AMBULANCE BEATS STORK

The Newton Red Cross Motor Corps won a race with the stork recently when an auxiliary ambulance took a wife of a British Naval Officer to the Chelsea Naval Hospital.

Mrs. Stanley Stedfast, Motor Corps captain, and Miss Grace Cummings responded to the emergency call from the hospital at 5 A. M., and reached the hospital with the expectant mother, who lives in Newton Highlands, in time. The Naval officer is at sea.

DOG INJURED — BITES POLICEMAN

A collie dog that was injured when struck by an automobile recently at Beacon st. and Langley rd., Newton Centre, bit the hand that was trying to help it.

Patrolman Thomas Motherway was bitten when he tried to pick up the injured animal to take it to a veterinary for treatment. Instead, the officer was forced to go to the office of a doctor for treatment and was sent to the Newton Hospital by the physician to have the wound cauterized.

CAPTAIN CARLSON PRAISES FIGHTER ESCORT

Capt. Earl D. Carlson of West Newton was group leader of Flying Fortresses bombers in a raid on southwestern Germany that was pronounced "one of the most perfectly timed and executed raids of the war."

Capt. Carlson, speaking of the raid after returning to the Fortresses base in Britain, paid a high tribute to the fighter escort that accompanied the big bombers. "There wasn't a German fighter who dared to come anywhere near today because of our perfect escort," he said. "It would have been suicide."

"I saw a Forress surrounded by fighters which had attempted to come in but our Thunderbolts swooped into action and chased the Germans all over the sky." The target of the raid was not identified, other than being described as located in southwestern Germany.

Capt. Carlson is 25 years old and married and his home is at 11 Lake terrace, Newton Centre. Where his wife, Mrs. Pearl Carlson; his two children, Judith, two years old, and Paula, six months old, and his parents, Mr. and Mrs. Paul E. Carlson, now reside.

FIRE DEPT. AIDS LOCKED-OUT WOMAN

The Fire Department brought its ladder truck into play at Newton Corner Saturday night, not to rescue a person from a burning building, but to carry out the more prosaic assignment of admitting a woman who had found herself locked out of her apartment.

The woman's apartment was located on the second floor of a business and apartment block at 367 Centre st. A fireman reached a window via the ladder, entered the apartment and unlocked the door from the inside. The incident took place about 9 P. M.

REIMBURSEMENT SOUGHT BY POLICE FOR ACCIDENTS

A request that two members of the Newton police force be reimbursed for expenses arising from personal injuries received in the performance of their duty has been received by the Board of Aldermen from Chief Michael T. Hughes.

The chief asked for an appropriation of \$286 for reimbursement to Patrolman Raymond J. Sullivan for expenses resulting from a motorcycle accident on Nov. 2, 1942 and an appropriation of \$31.50 for reimbursement to Patrolman John E. Greene for expenses incurred as a result of personal injuries received on May 12, 1943.

Lorne Carr scored 3 goals and jumped into the league lead with 53 topping Cowley with 52 and Cain with 51.

Blackhawks tie Canadiens 1-1. Detroit by late rally beat Toronto 4-1.

Jan. 22 Canadiens turned on the heat to beat Bruins 6-2. They continually mist play making center, Cowley, Ranger beat Toronto 5-1.

Detroit certainly slayed the Rangers Sunday night, Jan. 23, lambasting them 15-0 for the highest score in a league game.

With Flash Hollett as captain of the Detroit team and playing his first game, he was an opponent. Flash led his team to a 6 to 3 victory over the Bruins. Detroit has not lost a game since Hollett joined them.

Bruins were handed their sixth straight defeat by the fast travelling Detroit Red Wings who drove four goals into the net in the final period Saturday night on the short end of a 6-1 verdict. The Bruins were saved from a shut out when Bill scored a goal in the last period.

Chicago Blackhawks edged Toronto 4-3 and are now only 1 point behind the Bruins.

Chicago took the heat out of Detroit by a late rally beating them 3-2 and jumping into 4th place driving the Bruins down another peg which means the Bruins must step on it or they won't be in the playoffs, but cheer up Cowley will be back in two weeks and then we can put on the drive to get in playoffs.

Gilbert Dodd's, Boston, own, broke the 2-mile mark Jan. 22 at Boston of Dodd's time of 9m. 43.6s, was considered excellent with a rubber sheathed narrow and chancy track. Newton High turned in another shut out, Cambridge Latin 5-0.

Walton beat Wellesley 3-1. Newton scored its fourth straight shut out Saturday and Dana Switzer has now played 130 minutes without a goal being scored on him which must be some sort of a record for school boy goalies.

Newton came through Saturday scoring 26.2 points in the

Northeastern Interscholastics retaining its track crown. English High was second with 22 points. Malden third with 18.1 points. Boston Latin fourth with 13.1 points.

Vandermeer, star pitcher for Reds, reported for induction Jan. 18. Corcoran, Gomez and Sharkey are overseas entertaining the boys in the different camps. They show the world series film which receives a great hand.

Johnny McCarthy, the Braves' regular first baseman, was inducted in the Navy Jan. 24.

Casey Stengel resigned as manager of the Braves. No one has been appointed yet.

"Y" AVENGES HOOP REVERSE FOR 10TH WIN

In a thrilling nip and tuck contest the Newton Y. M. C. A. avenged an earlier defeat by edging the big, experienced Boston University Theology School basketball team, 45 to 42, at the Newton "Y" to mark up its 10th win in 13 starts. The Theologians have won 14 games and their only previous defeat was by Harvard.

Newton played a man to man defense throughout the contest with Marco Marino back in the line-up covering 6 ft. 4 in. Adam Shutz, former St. John's College, Brooklyn, star, Marino shared scoring honors with George Fearnley with 13 points each. Ken Feldman, Anday Laza and John O'Connell were also stars.

B. U. tied up the contest, 40, midway in the fourth period, but Olivigni broke the tie and Fearnley made it 44 to 40. Tom Farley closed the gap slightly with a basket for the visitors and with seconds to go Fearnley was given two free shots. He made the first one good and then the "Y" froze the ball after the rebound on the second.

Newton High School defending champions were knocked out of the Suburban Basketball League race when the dropped their third game of the loop slate to Brookline High, 34 to 23, at the Brookline gym.

Milton Lewis, towering Brookline center collected 17 points to account for 50 per cent of the winning total. Bill Hanson, who was high scorer for Newton, suffered a sprained ankle in the fourth period and was carried from the floor. Roger Bryant and Chet Nightingale were other Newton stars.

Newton will attempt to get back into the win column when they tackle Cambridge Latin at Cambridge Wednesday.

Undeclared Second Congregational will seek its fourth Newton Church Basketball League victory tomorrow afternoon at 2 o'clock at the Newton "Y" Gym when it tackles once-defeated Myrtle Baptist.

Newtonville Methodist vs Newton Methodist, and Eliot Congregational vs St. John's Methodist

of Watertown, will be other league contests. Central Congregational will be idle.

Behind the sharpshooters of Bob Fitzgerald and Bob Doherty, Our Lady's of Newton smothered St. Patrick's High School of Watertown, 65 to 20, at the Newton gym to chalk up its sixth straight Catholic Basketball League victory.

Our Lady's continues to lead the loop. Mission High of Roxbury is in second place with a record of six wins and one defeat.

Fitzgerald collected 22 points, while Doherty took runner-up

A NEWTONITE ON BROADWAY

By Saul E. Exelbert

Some far cry from sports writer to Broadway winchelling, but when a Newtonite sits on the "block of stardom," anything can happen. In fact there are more out-of-townners on this "now the lights go on again" street of charm, than there are true New Yorkers.

And that's Broadway-lights, hustle, first nighters, 11:30 exits. The war has certainly made a change in every American family's way of living and Broadway has also had its sinking moments, but the theatre has lived up to its tradition of the show must go on. And this glamour spot of "rising stars" steady entertainment, and gorgeous girls is doing more than its share in seeing that your boy comes marching home soon.

Back home you have "What's Cookin'" for news about your family. You have a war bond drive that tops all other community efforts. You have score-high blood plasma donations. In other words, Newton is all out to help win this war.

And don't for one moment think that Broadway is gulping in the pockets of its neighbors and enjoying the income. No, the city of shows, drama, music and art, is doing a grand part in the all-out helping role for the war effort and otherwise.

There's that ever ready volunteering group of theatre entertainers who make sturdy requests for aiding the needy and servicemen, before, between and after performance. They have no designated time.

Making the rounds of the West Side palisades, you come across such numerous effort machines as: movie houses and their bond drive to secure 33 and some thousands of war bond seats; also their relentless push for the Give a Dime Crusade with Liberty booths in front of the shows. Stage stars like Keno Baker, Milton Berle, Mary Small, etc., give their time making speeches for both timely efforts—the Infante Paralysis Fund and War Bonds.

Radio is also doing a man's share. What about the world famous "Stage Door Canteen"? Even night clubs are there in the fight. The 21 club is said to have sold a million dollars worth of bonds in three nights.

And of course Broadway has the American Theatre Wing and their own stage doors all over Broadway; the USO troupes. Yes, you can't miss noticing Broadway's "little show on the side." Unselfish aid.

What's New in Town—Just recently New York has brought to the public its greatest Broadway opening. And that's the City Center of Music and Drama with popular prices for the Mayor's following. Here's another grand donating bid for the Big City. Imagine seeing such masterpieces as the N. Y. Philharmonic Symphony Orchestra, Susan and God, The Patriots, and Our Town for 55c to no more than \$1.65? Well all those shows have played at the Center Theatre with such stars as Arthur Rodzinski, Gertrude Lawrence, Walter Hampden and Martha Scott performing for a small fee but a fee in which they knew they were proud to accept. This week Draper and Adler, the harmonic and tap dancing team are on the docket with Porgy and Bess to soon follow. The top Broadway hit, "Voice of the Turtle" was the show that received Roosevelt's invitation to play in Washington for the Infante Paralysis Fund drive. A wonderful pat on the back for the van Bruten show of Margaret Sullivan, Elliott Nugent and Audrey Nugent. The "Turtle" crawled away with the greatest good will performance of the current season. Another hit which is giving Oklahoma a run for its money is the Mary Martin, Keno Baker musical comedy "One Touch of Venus." You couldn't get a seat for either show even if you knew the Mayor.

Good Horses

By VIC YARDMAN
Associated Newspapers.
WNU Features.

JIG HAYDEN rubbed his hands and smiled in greedy satisfaction when Joe Ware, owner and manager of the Welcome U dude ranch, explained about the lack of cars.

"We've found that most people," Joe was explaining to the Severances, "like the idea of getting away from the new fangled gadgets of civilization when they come out here. The Welcome U allus has got along without automobiles."

"It's O. K.," Andrew Severance mumbled, "as long as things run along smoothly."

"We got horses," the ranch owner said laconically. "An' they're danged good horses, too. Then, once every odd day the beach wagon comes up from Thunderbolt."

But when the beach wagon returned to the Welcome U two days later Andrew Severance wasn't even on hand to witness its arrival and departure. He was off in the hills riding, accompanied by a cowboy named Slim North. The broker had, as Joe Ware knew he would, forgotten about his being isolated and the fact that his Wall Street office might need his attention.

Everything would have turned out fine and Joe would have chalked up another pair of satisfied customers to the long list of guests who had vacationed at the Welcome U—if it hadn't been for Jig Hayden.

Jig Hayden had come to the Welcome U because the Severances had come. But no one knew that. Every one thought he was a school teacher on vacation. No one would have guessed that Jig Hayden had schemed and thought and dreamed

Five minutes later Mrs. Severance discovered the loss of the pearls, and announced it in hysterical tones.

for two years about the pearl necklace that Mrs. Severance carried in her box of jewelry, and which at dinner she wore even here at the ranch because her husband admired it so.

He did not make the mistake of being too eager. He waited a week. Then, on the eighth day following his advent, while the Severances were off riding in the hills, Jig casually entered their room, removed the necklace from its box and, ten minutes later, was seated beside the driver of the beach wagon as it headed back to town.

He laughed to himself as the car bumped over the rutted road. Joe Ware had seemed surprised at his sudden departure, but he couldn't do anything about it. And now they were safely away. There were no cars at the ranch, therefore no chance of being overtaken. No telephone either to warn the sheriff at Thunderbolt.

A half hour after the beach wagon had departed the Severances returned from their ride. Five minutes later Mrs. Severance discovered the loss of her pearls and announced it to her husband and the rest of the ranch in wild and hysterical tones. Andrew Severance cursed and swore and remembered how helpless they were out here, but Joe Ware only looked again and called Slim North and issued cart orders.

The beach wagon mounted the last slope before descending into the town. Far to the right Jig Hayden perceived a thread of smoke. The train! His heart leaped.

He felt suddenly like whistling; had, in fact, puckered his lips to do so. Two horsemen suddenly emerged from the brush beside the road. Each held a gun. Jig Hayden's face whitened. He blinked. The horsemen were Joe Ware and Slim North. Jig hesitated only for a fraction of a second, then snarled his rage and reached inside his coat. His fingers closed about the automatic in its shoulder holster—and unclosed. A gasp escaped his lips. Slowly he slumped forward, and would have pitched to the ground but for the supporting arm of the driver.

Joe Ware, smoking gun still in hand, rode up close, smiling thinly, contemptuously.

"You see," Joe Ware explained to Andrew Severance later, "we have good horses at the Welcome U. And horses out here are much more important than new fangled gadgets like automobiles. They ain't bothered by such things as sage and cactus and mesquite and outcroppings. It's only ten miles to the station by horse, thirty if you follow around the road where the automobiles hafta go."

Rotary Club

The speaker at the Rotary Club last Monday was Dr. Hugh L. Robinson of Auburndale, former medical missionary in China, recently returned to this country on the exchange ship Gripsholm. He was interned at the camp at Santo Tomas, Manila, by the Japanese.

Dr. Robinson said that when in China just before the outbreak of the war which he saw coming, his first thought was to get back to the U. S. as soon as possible. He got as far as Manila and there the Japs placed him in the internment camp. The camp was the Santo Tomas University, an enormous building covering a large area. Desks were placed together making beds upon which he and some of the other doctors who had volunteered their services slept.

Americans, British and other nationals formed committees which governed the camp in a Democratic way. The Red Cross supplied the prisoners with food until the Japs forbade them to do so. Approximately 35 cents a day was then allowed each person for subsistence. This was later increased to 50 cents a day. Rice, sweet potatoes, cracked wheat and a vegetable similar to spinach, were the main items of food. A hospital and a dental clinic was set up in the school of mines the hospital accommodated 300 to 350 persons.

An educational system was developed to take care of the 500 children in camp. Schools from kindergarten to the second year of college were set up. "In fact," said Dr. Robinson, "the prisoners run the camp and knew more about its occupants than the Japs did." There were no radios in camp but news leaked in. If Churchill or Roosevelt made a speech the prisoners knew all about it in three hours.

Lumber as obtained in some fashion by some of the prisoners who built themselves shacks to live in. When Dr. Robinson left, there were about 600 shacks in the camp.

Dr. Robinson said that atrocity stories are true, in fact much has not yet been told. They concern military prisoners. Freed prisoners from civilian camps have been warned not to tell anything or those remaining would suffer. Santo Tomas is probably the best run camp in the far east. About 4000 prisoners are still there. Some persons because of loyalty to firms they represent want to remain there.

Dr. Robinson does not believe the Japanese war will end very soon. The Japs think they have already won the war, because they have in their possession the territory they set out to take.

The speaker was introduced by Cecil Clark.

Roy Edwards told the members of the favorable response from overseas service men on the receipt of "What's Cookin' in Newton." He passed a score of letters around to the tables so that members could read the comments being received from men in service. Mr. Edwards said, "Last November I presented to this club a plan whereby it and the other Newton service clubs underwrite the publication and mailing of a newspaper to be sent to Newton men and women in the armed forces serving overseas. We have now sent 4 issues of "What's Cookin' in Newton" to them and the fifth will go out next week. I have just passed the dividends of this venture around to the tables."

POLITICS WITH COLOR

By F. W. O.

Senator Lodge Resigns

The important political news of the past week was, of course, the totally unexpected resignation from the United States Senate of Senator Henry Cabot Lodge, Jr. Apparently, all our major and minor statesmen were caught off guard. That goes for the press as well. The immediate repercussions were of considerable magnitude. Let's consider just a few.

Prior to our Junior Senator's retirement, the most interesting topic for discussion among the politicians was the immediate political future of our Governor. Would he run for a fourth term in order to finish out the war era, would he wait for the Presidential or the Vice-Presidential lightning to strike in his direction or would he bide his time and run for the Walsh seat in the U. S. Senate in the fall of 1946? Or, on the other hand, would he retire to private life at the close of this year?

The entire picture has changed overnight. Somebody will have to fill the Lodge seat at once. Some people think that the Governor's hand has now been forced. Others believe that he will adopt a relatively simple course and appoint another Newtonian, former Mayor Sinclair Weeks, to fill the vacancy, at least for the time being. That, incidentally, is my personal opinion, based on absolutely no knowledge of what goes on in the throne-room or even in the ante-chamber. Furthermore, the appointment of Weeks would accomplish a number of things, all at one stroke, especially if Weeks should announce that he was accepting this important post ONLY for the period prior to the coming state election, when the people will be called upon to elect a man to serve the remaining four years of the Lodge term. If, of all, this appointment would place a strong and sound man in the Senate. Secondly, it would please the many thousands of voters who have believed ever since 1936, that Sinclair Weeks was the logical man for Massachusetts to send down to Washington. Third, it would give our Governor ample time to turn around to make his own vitally important decision concerning his own future in the public service.

Now, I appreciate that the above may sound exceedingly foolish IF Governor Saltonstall appoints, as he possibly might before this column appears in print, some other man to fill the vacancy. According to the Boston papers, the names which have been advanced include those of Lt. Governor Cahill, Congressman Rogers of Lowell, Congressman Herter of our own district, John W. Haigis of Greenfield, a former State Treasurer, and George F. Booth, the Worcester publisher. None of these men or women are going to be very anxious to accept a purely temporary appointment IF they are told that the Governor himself desires to run for the office next fall. As I view the matter, Messrs. Haigis and Booth might be exceedingly interested if the position was permanent, instead of for a few months. The two members of Congress probably feel the same way. Mrs. Rogers is at the peak of her career and Mr. Herter has only just started, but he has made a most auspicious start. If either moves up, even for a few months, it might unsettle their districts and get sundry ambitious office-seekers excited. As for Mr. Cahill, he has made it quite clear that he wants to be Governor. A number of people have tried to push him one side and get a judicial appointment for him. Undoubtedly, the Governor could eventually find a suitable place for him.

Finally, we have, of course, the bare possibility that the Governor might resign and be succeeded by Lt. Governor Cahill, who would thereupon appoint his former chief to the Lodge vacancy. Knowing the Governor as I do, I doubt very much the likelihood of such a move. He is a stickler for form and he always leans over backward to perform his duty. He doubtless considers it his duty now to stay in office until the end of his term. The fact that a Boston paper with strong Democratic leanings (Continued on page 8)

TO INSTITUTE NEWTON CHAPTER, WAR PARENTS OF AMERICA FRIDAY NIGHT

Newton Chapter Number 12, War Parents of America, will be instituted on Friday evening, February 11th, at the Newton Y. M. C. A. The necessary nucleus of ten members met last Wednesday evening and voted unanimously to issue a call to a larger number and to elect temporary officers and form a chapter this week for which a minimum of 25 fathers and mothers with children in the armed forces is necessary. Biggest opportunity anywhere in the Commonwealth presents itself in Newton with some 6,000 men and women in the service and with the assurance given many months ago that His Excellency Governor Leverett Saltonstall would become a member of War Parents "when and if a chapter was started in his home city."

Governor Saltonstall made one of the main addresses on the anniversary of the declaration of war on Japan and Germany on Boston Common on December 8th and assured a large gathering of war parents that the State would do its full share for their sons and daughters, during and after the war. When War Parents had only a few chapters, less than 500 members, Governor Saltonstall expressed himself in the following words, "What I have read about War Parents of America pleases me very much. Our communities are the backbone of our nation and to have this neighborly spirit come to life in such a purposeful way is an inspiring development. I wish you continued success."

On December 8th 123 families with five or more in the service received certificates of recognition in the presence of the Governor as the national service flag, soon to fly in every state capital and eventually in the national capitol, was unfurled over historic Boston Common.

On Friday evening Temporary President and Mrs. Angus MacLean of 24 Channing st., Newton, will receive an honor certificate and family honor roll, from President Roy L. McQuillan, founder of the movement. The MacLeans have two sons and two daughters in the service. The daughters are Mabel MacLean, named after her mother, and Margaret June, both of whom are in the WACS. The sons are John Angus, named after their father and Malcolm Douglas. The father is business agent of the Carpenters' District Council, which includes Newton, Waltham, Watertown and several other communities.

There are many other parents in Newton who are entitled to the "Certificate of Honor" which is given out officially through the chapters. War Parents also has a distinctive form of recognition for Gold Star Parents and, if acceptable to them such parents are made honorary life members with full voting rights. While dues are merely nominal in all cases, even these small sums are by national by-laws not to be collected from gold star parents. There is also a certificate awarded to other families who have but a single son or daughter in service or a large number given in mass ceremony to those who wish to work together with their neighbors for the objectives of War Parents to achieve Victory and the unconditional surrender of America's enemies; to win a just and lasting peace; to care for the victims of the war; to provide jobs and prosperity for all when the war is over; and to work together for a 100 per cent Americanism that will give every man the rights assured him under the constitution regardless of race or color.

The meeting will be open to all war parents from all parts of the city of Newton. The plan advocated by the initial group calls for meetings in all sections of the town in succession, in Newton, Newtonville, Chestnut Hill, West Newton, etc. The original group is made up as follows: Mrs. Mary Leahy, 67 Jowett st., temporary secretary; Mr. and Mrs. Frank J. Bell, 50 Charlesbank rd.; Angus MacLean, Ralph Hall, 10 Harrington st., West Newton, and Mrs. Hall; Mrs. Harry L. Smith, 53 Bennington st., Mrs. Lewis D. Wood, 215 Highland ave.; Francis Luizzo, 40 Byrd ave., West Newton; and George F. Briggs,

War Bond Drive Is Subscribed Eighty Percent

Newton's goal of \$7,400,000 in the War Bond Drive had up to Tuesday evening, Feb. 8, been subscribed 80 per cent. There are now only five days left to get in \$1,500,000 in subscriptions.

The banks of the city are doing an active business, hundreds of bonds being sold at the booths operated by the Woman's War Finance Committee.

The Boy Scouts of the city are planning a household canvass for pledges on Feb. 12. It will require the loyal support of every citizen to put our drive over the top.

War parents immediate goal is 5000 members by April 19th when a hospital dance for service men and service women will be given at Hotel Bradford, Boston, entirely complimentary to men in uniform, to members of the auxiliaries, to men honorably discharged from the present war and to men and women home on furlough. After that date the coast-to-coast campaign of expansion will be launched.

Must Curtail On Inspections

The Newton Health Department has announced that due to curtailment of their staff of inspectors because of war needs, the schedule of two inspections a year at each poultry yard cannot be maintained and for the present will only be able to make inspections when complaints are received.

There are at present more than 650 permits to keep poultry in effect in the city.

MARGARET SLATTERY TO SPEAK AT DAY OF PRAYER SERVICE

The Newton Council of Church Women will observe the World Day of Prayer with a service in Central Congregational Church, Newtonville, on February 25, the first Friday in Lent, at 10 o'clock in the morning. Miss Margaret Slattery, nationally known speaker and writer, who has been the speaker at this meeting for the past several years, will again bring an inspiring message, speaking on "The Spark in the Ashes." Miss Janet Merrill will be the soloist, accompanied by Miss Lillian W. West, organist. The Day of Prayer is observed by women of the Christian churches throughout the world. All women of Newton are invited to share in the inspiration and to unite in the prayer of this service. An offering will be taken for the work of the National Council of Church Women.

NEWTON TRUST COMPANY DEPOSITS IN NEW HIGH

New Members Added To Board Of Director and Officers At Meeting

The 50th annual stockholder's meeting of the Newton Trust Co. was held on Wednesday afternoon, February 9th.

Reflecting general economic conditions, deposits were reported progressively greater, reaching a record high of \$27,700,000 in January, in addition to U. S. War Loan deposits of approximately \$5,000,000. The trust department reported addition to estates and trusts held for benefit of others.

It is wise to plan now for the future. A half-filled War Savings Stamp book has no future so complete your book and turn it in for a War Bond NOW and secure its future.

Weeks Is Named To Senate Post

Former Newton Mayor To Occupy Lodge's Place

Former Mayor Sinclair Weeks of Newton, who was appointed to the United States Senate by Gov. Saltonstall, announced that he expected to be sworn into office in Washington on Monday, when he will take over the duties vacated by Henry Cabot Lodge, Jr., now a major in the Army.

Together with the announcement of the appointment of his fellow-townsmen, Governor Saltonstall stated that he will be a candidate for the rest of Senator Lodge's unexpired term in November. Mr. Weeks announced that he will serve until Jan. 3, when the new Congress is seated.

Mr. Weeks stated that he is severing all connections as officer and director in a number of corporations with which the U. S. Government has contracts.

Senator-designate Weeks, whose home is 97 Valentine st., West Newton, was born in West Newton on June 15, 1893. He served in the Newton Board of Aldermen and also as mayor of Newton for three years. He lost the Republican nomination for senator to Maj. Lodge in 1936 and then announced he would never seek public office at the polls again. Since 1936 he has held several high posts in the Republican party, both state and national.

Mr. Weeks was graduated from Harvard in 1914, a classmate of Governor Saltonstall. In the first World War he served overseas and became an artillery captain in the Yankee Division. Following the war, he entered the banking business. He served as chairman of the Massachusetts

Are You A Grumbler?

This is an editorial about grumblers: the folks who, war or no war, shortage of labor or no shortage, scarcity of commodities or no scarcity, want immediate and exact services all the way down the line. You hear them complaining when they have to wait five or ten minutes for luncheon service in tea rooms and drug stores, you see them frowning out of places which haven't the exact merchandise they want but only a similar substitute, you notice their glances at the awkwardness of young clerks unaccustomed to their new jobs, you hear their impatient tapping while they wait at store counters for hard-pressed salesgirls to fill the needs of twice as many customers as normal conditions would require of her.

Many grumblers are themselves hard-pressed for proper help, for adequate supplies, for sufficient time, in their own business, or their wartime activities. All regard themselves as patriotic, and are grumblers only through thoughtlessness. A minute's reflection must make them realize

that the business management of all the places which have caused them some annoyance, would much prefer that service be swift and skilful in their establishments, that they have all the merchandise asked for, that there should be no delays, no disappointments of any kind. Certainly the managements wish it, for sound business reasons. But every store manager or owner today is handicapped by war conditions that are beyond his control. He is doing his utmost to mitigate their effect, for survival sake, and surely it is not too much for him to expect that the public understand and make allowances in these difficult war days. A little graciousness is all that business managements ask of the public. They are in no position to ask it publicly. But we can ask it for them. Let's have no grumbling. Let's be pleasant in the face of delayed service, awkward service, shortages. Let's be willing to accept substitutes, grateful that they are still available to us. Let's do away with all grumbling for the duration.

The Commonplace Things

From all corners of the earth come letters from our boys on the fighting fronts. Brave, optimistic letters that for the most part, revealing high morale and a fierce determination to get the job over with as soon as possible. They vary in content, but the spirit, the resolution, is there in them all. But even more pronounced is one striking similarity: when they speak of home, of home-sweet-home, it is the little things they miss. The little things that most of us back home take for granted. It is psychologically true that often it is only after we lose something that we learn its value. It is unfortunate that this is so, because an appreciation of many of the simple everyday things we have has the power to lighten our days and refresh our spirits.

Perhaps in reprinting the letter written recently by a South Orange boy to his parents, we can help a little to shatter complacency, to awaken a grateful awareness of the precious little things that are our daily lot, almost without effort. More eloquent than any lecture, more moving than any sermon, we feel, are the simple words set down by Sergt. Robert H. Johnston of the Second Service Group, U. S. Army Air Forces, writing from some far-flung corner of the globe to his parents, Mr. and Mrs. Joseph D. Johnston:

"Dear Mom and Pop:
"Here's your tongue-tied and censored Sgt. again. Lots to say and no way to say it. I'll bet you would love to have our weather in So. Orange now. Clear and cool. I guess that's all I should say about weather. What I wouldn't give to smell the city and woods

after a good old thundershower. You were right again, folks, when we said we don't appreciate things until we can't have them. Not that I didn't appreciate all Godly gifts while I had them—for I did. But I realize now how taken for granted they were.

"I could give you a lecture now on how to enjoy all the commonplace things of life. The garden full of flowers and vegetables out back, those chummy little sparrows in the chimney up Fairview ave., and the sparrow-robin alliance hopping on the old maid's lawn, the soft shell crabs at Burlew's, a good chocolate ice cream soda, the dogs and beer at Rutts', rides through Persian-rug foliage tinted by autumn's frosty brush, those pinocle games on the kitchen table on hot nights, walks down to the Cameo, the sound of lawnmowers, fishing trips, our picnics and, oh, a million little things you do as a matter of fact.

"Gosh, folks, when you do these little things, you try to get a little bit extra pleasure out of them. Sure you realize you're lucky, but you don't know how much, but I'm just the guy that can tell you. But it's as I told Jeannie, I'm not feeling sorry for myself or complaining, I'm far from it. For I'm gaining an insight of new experiences and a wealth that you are missing. And how much more I'll enjoy all those things when I get back!

"I'll sign off for tonight, folks, hale and hearty as ever. Give regards to everybody. Good night Mom and Pop. God bless you and take care of yourself.
"With all my love, folks,
BOB"

The Community Forum

Back in the very early days when American towns were all small communities and the entire population or a goodly representative of it could fill one meeting place, the Town Hall which centered every community served a purpose, not only as a place where the township business could be transacted but as a community forum, where citizens gathered to air their views freely on all sort of topics.

With the passing of the years, most of the towns have grown so large that no community meeting place could adequately fulfill all the functions of the old Town Hall. Today, the modern counterpart of it is almost exclusively limited to the transaction of the official business of the towns, the meetings of official bodies, at which citizens must limit their remarks to the business at hand, and speak very briefly, in order for the extensive city business to proceed smoothly.

There cannot be, of course, irrelevant discussions of interesting as they might be. There is no opportunity for the exchange of views which the old Town Hall fostered. In the place of those old public forums, are a myriad of organizations, each meeting to advance the interests of and provide information about a specialized subject. Each serves a fine and useful purpose, but none provide the opportunity for the expression of manifold opinions on the part of the citizens on any

subject uppermost in the individual mind, as was possible in olden Town Hall days.

Today, there exists only one avenue of expression and fulfillment to some degree the same purpose, and that is the Forum which appears in every newspaper, usually on the editorial page. In the Letters to the Editor department, which newspapers hold open to all readers, the opportunity is afforded for free expression of individual opinions on any and all subjects. Of course such letters must not be libelous in nature, must not be irrational, nor written for the express purpose of advancing a personal grudge, but the scope is wide and the welcome warm for all citizens who would like to express their mind on community events, national or international affairs, or even simple everyday things.

A lively Forum in your home town newspaper is an interesting feature. It provides stimulating reading, often arouses the citizenry to give thought to things which should be done or undone, sometimes expresses well-earned appreciation, frequently brings to light the pros and cons of a subject in the minds of many, and, in any event, affords the writer an opportunity to "speak his piece." We welcome hearing from readers on subjects large or small. We can't furnish a Town Hall, but we can and do offer space in our Letters to the Editor columns. Consider it your community forum.

To the Editor:

The death of Doctor Charles Allen Riley which occurred at his home, 254 Commonwealth ave., Chestnut Hill, Sunday evening, January 30th, will cause a widespread sorrow and deep regret by his sudden passing out.

He was sincerely loved and highly esteemed by all who knew him. A kindly and gracious gentleman one can never forget.

Always deeply interested in all his patients, cheerfully in doing those helpful things that would benefit the sick and ailing in a most kindly way.

A man of fine reputation and a splendid citizenship.

He will be greatly missed by his loving friends and neighbors.

Advice from Germany through Swiss intermediary channels states that effective Mar. 1, mail addressed to American prisoners of war held in certain prison camps under German control will not be delivered to the addressee if it bears endorsements or slogans intended to promote our war effort.

This is further confirmed through information sent the American Red Cross from representatives in Switzerland.

In order that our nationals held by Germany will not be prevented, by this action, from receiving mail sent to them by their American correspondents, the Post Office Department has set forth the following instructions concerning mail for American Prisoners of War Held by German Government:

(A) Letters properly developed and sealed and postal cards addressed to the prisoner of war for whom intended shall be placed by the sender in an outer unsealed envelope (which will require no postage) with the outer envelope simply addressed "Postmaster, Prisoner of War Mail," or with words of similar import, and placed in the mails.

Upon receiving these letters, the postal clerk will remove the letter from the outside envelope and forward the letter to New York, N. Y., without postmark for censorious treatment.

It is essential that the inner letter contain the name, and return address of the sender, including postal delivery zone number.

(B) The foregoing instructions apply to air mail as well as ordinary mail.

(C) Parcels sent to prisoners of war must have the so-called "Next-of-Kin" label affixed and be prepared in accordance with the instructions of the Provost Marshal.

Lions Club

The Newton Lions Club heard an interesting address by Raymond C. Baker, Executive Vice President of the Mutual Fire Insurance Association of New England at their weekly meeting held at the "Y." Mr. Baker, who was introduced by Ralph S. E. Sanguinetti, Chairman of the Program Committee, told some anecdotes of Abraham Lincoln, whose high ideals and love of honesty should ever be kept in mind, especially so during these days when we are prone to make compromises, asserted the speaker in introducing his subject "Tomorrow's Business Targets." Speaking of present-day problems, he told of the way in which industry has fully gotten behind the war effort and of the tremendous part that many of these companies and their employees have played in financing the war through their large purchases of War Bonds. He cited, too, the fine job that safety engineers have done as their contribution to reducing fire losses which also have played an important role in keeping up production.

With this background, Mr. Baker then told of the problems which lie ahead and urged that serious thought be given now to the many questions which will arise and which even now are appearing as men are demobilized. New England, alone, he asserted, is now receiving more than 200 discharged soldiers each day. While the U. S. Employment Service is now placing many of these men, Mr. Baker said, that there is going to come a time when the demobilized soldier is going to collide head-on with a slackening labor market and this is the point where industrial planning must start. He also warned of the problems during the reconversion period and suggested that the Lions Clubs and other Service Clubs could and should take a leading part in all postwar planning—and now is the time to begin.

The speaker at the next meeting will be Judge Philip Rubenstein of Security Mills, Inc.

Rotary Club

In the absence of President Herb McGill, Vice President Orville Clapper presided at last Monday's Rotary meeting.

The speaker, Gaylord W. Douglass, was introduced by Frank Clark. Mr. Douglass is secretary of Mount Hermon School Alumni, and was formerly principal of Wilbraham Academy. His subject, "Lincoln, the Man of God," was timely and interesting.

The speaker said that Lincoln appeared in 1861 when the country was experiencing its most critical years. For 20 years previous there had been a succession of weak presidents, and the secession of seven states then occurred in Lincoln's election and his inauguration. The country needed a man to lead it, and Lincoln, the speaker pointed out, was that God-sent, God-trained man. In 1890, the Chicago Tribune said of him, "He has ability, firmness, honesty and patriotism."

Lincoln's total schooling amounted to less than six months, but he did attend three schools that gave him an outlook on men and problems: 1. The School of Poverty—born in a cabin, he didn't have a dollar of his own or a decent suit of clothes until he was 21. In some people this condition might develop an inferiority complex but in Lincoln it stirred ambition. 2. The School of Hard Work, he worked hard and developed strength, health and sinew which carried him through during his life. 3. The School of Experience, he was a farmer, clerk, surveyor, soldier, postmaster, lawyer, state legislator and Member of Congress.

"Lincoln," the speaker said, "was a God-fearing man and a man of prayer and was never ashamed or apologetic for his faith in God." In all his writings there has never been found a misplaced word, and when he spoke to the common people they understood him. Nearly all his utterances contained references to God and the Bible. He acquired his great command of the English language from the King James version of the Bible which he had read and re-read from beginning to end.

The last bill Lincoln signed as president was to have placed on U. S. coins the four words, "In God We Trust."

Mr. Douglass is a Wesleyan University classmate of Frank Clark, who introduced him.

Seven other classmates of Mr. Clark at Wesleyan 1900, who were his guests at Rotary last Monday were:

Chas. H. Davis, retired Methodist minister of Needham.

Hale Powers, Psychiatrist, Wiswall Sanatorium, Wellesley.

Walter F. Dearborn, M.D., Director Psycho Educational Clinic, Harvard University.

Frank E. Wing, Director of New England Medical Center.

C. Burdett Buckingham, A.B., AM, Ph.D., teacher, supt. of schools, lecturer at Harvard, now editor and critic of Ginn & Co.

Walter Mc. Naughton, class secretary for 44 years, now trust officer, Underwriter's Trust Co., N. Y.

Julian Anthony, investment counsel.

Next Monday, Feb. 14th, the club will hold a Valentine party under the direction of Fred Fesenden. The Rotary-Ann has been invited and every member is expected to bring his wife, sweetheart or daughter. The speaker will be Frank B. Lenz. For 30 years Mr. Lenz has been connected with the World Service program of the Y. M. C. A., and has seen service in both China and Central America. He is at present connected with the headquarters office of the International Committee of the Y. M. C. A. in New York. There he is in intimate touch with Y. M. C. A. men in Central and South America. He has just returned from a tour there and will bring to Rotary his first-hand observations of the attitude of the people in those countries toward the United States. He is a good speaker and will have a real message. His subject will be "What Do the Latin Americans Think of Us?"

Urges Return Of All Bottles

With millions of bottles being shipped to American fighters overseas, it is essential to keep all deposit bottles in action on the home front.

Leaders of industry in New England made that statement recently, coincident with the announcement of a nation-wide campaign to get some 500,000,000 "slacker" deposit bottles out of hiding into circulation.

It is estimated 25,000,000 of these "slacker" bottles — bottles that could be re-used, as milk, carbonated beverage and beer — are in the New England area. All such bottles should be returned to local dealers.

The campaign, endorsed by the War Production Board, was decided on following an announcement by the Quartermaster Corps that 352,000,000 bottles of carbonated beverages will be shipped overseas by the Army in 1944, and those bottles will not come back for civilian use.

Every deposit bottle which is kept in action on the home front, making quick trips from store to home and back again, releases another bottle for action with our fighters overseas.

Glass companies, the Quartermaster Corps of the U. S. Army estimates, will export approximately a million gross bottles for insect repellents and water purifying tablets this year. Glass is also needed for electronics and x-ray tubes, insulating materials and other products for the Army and Navy.

Therefore, sponsors of the bottle "round-up" say, the need for conserving the civilian supply of reusable bottles is urgent.

JAMES ERVING HORN

The many friends of James Er-
ving Horn will be saddened to
know of his recent death at the
Veterans Hospital in Togus, Me.,
on the morning of Feb. 1st, 1944.

Mr. Horn was for many years a
familiar figure in Auburndale,
Mass., where he lived with his
wife, Lena Pessie Horn, and his
daughter, Priscilla.

Mr. Horn was a veteran of the
first World War and for many
years worked as a fireman on the
Boston & Albany Railroad. Due to
injuries received while in service
he was forced to leave the road in
the spring of 1940 and he returned
with his family to the town of
Jefferson, Maine, the girlhood
home of his wife, and the town in
which as a boy he had lived for
many years. Mr. and Mrs. Horn
purchased a village home and the
years of his retirement were spent
in quiet happiness. When other
men would have bemoaned the
fate which limited activities, he
was ever cheerful and smiling,
never complaining, never admit-
ting that life had given to him a
nasty blow.

To that delightful home the vil-
lage came, and from beyond the
village the friends of other days.
If he was to be limited in the
ability to go among people he
never lacked friends and stimulat-
ing conversation.

He was a keen observer of men,
intensely interested in the affairs
of the world and in the nation's
political situation. He was an
avid reader and exceedingly well
informed on the questions of the
day.

James Erving Horn was born in
Wilmington, Vermont, and edu-
cated in the schools of Boston and
Jefferson, Maine. He is survived
by his widow and daughter, also
by one brother, David Horn of
West Brookfield, Mass., and one
sister, Mrs. Mary Tierney of St.
Albans, Long Island, New York.
He was a member of the Brother-
hood of Locomotive Firemen and
Engineers, a member of the
American Legion, Newton Post
No. 48, and a member of the Dal-
housie Lodge of Masons of New-
tonville.

The past few weeks had been
serious ones for Mr. Horn and it
finally seemed wise to take him to
the Veterans Hospital where an
oxygen tank could be used, but the
end came quickly, four days after
he left the home he loved so well.

The funeral services were con-
ducted by the Rev. J. Benjamin
Shaw, a former pastor, assisted by
Rev. Lloyd Workman, now pastor
of the local Baptist Church. Close
friends acted as pall bearers and
to the services came the many
who loved him well. Interment
was in the Jefferson Cemetery.

Newton Notables

NOMINATED
for the
HALL OF FAME

From time to time it has been called to our attention that we have in our midst a substantial number of rather famous people, men and women, who live so quietly and unobtrusively that many of us are not aware that they live and vote in the Garden City. Accordingly, we have decided to make an investigation and to report back to our readers. Already, without doing more than scratch the surface, we have unearthed nearly seventy-five people who are entitled to honorable mention in this space. There is no question in our minds but that we shall uncover at least two hundred colorful and prominent citizens who have been hiding their light under a bushel, at least so far as Newton is concerned.

As a starter this week we are taking two important residents of Newtonville, Messrs Charles Jay Connick and Neal (Russell) O'Hara.

Mr. Charles Jay Connick, listed in Who's Who in Massachusetts as "master craftsman" is a stained glass resident at 70 Hull st., Newtonville. He was born in Springfield, Pa., Sept. 27, 1875, educated in the public schools and went to night classes in life drawing in Pittsburgh from 1895-1900. He then became a student at the Boston Art Club and the Copley Society for a number of years after which he traveled extensively in England, France, Germany and Spain, studying and researching in connection with old glass. In 1932 he got his M. F. A. at Princeton and in 1938 his A. F. D. at Boston University. In July, 1920, he married Miss Mabel R. Coombs of Colrain, Mass.

After doing considerable designing in Pittsburgh, New York, and Boston from 1895-1911 he founded a studio and workshop in 1913 and became a member of the Treasurer of Charles J. Connick, Inc., in the same year. In the late thirties he served as a member of the Boston Chamber of Commerce committee on Industrial and Civic Art. He has been president of the Arts and Crafts Society and President of the American Stained Glass Association. He is a Fellow of the American Academy of Arts and Sciences. These are but a few of his honors. In addition to his outstanding work in stained glass, in which he is without a peer, he has done quite a bit of writing on the same subject. Among the awards which he has received are a gold medal at the San Francisco Exposition in 1915, the Logan medal in Chicago in 1917-1921, the Arts and Crafts medal in Boston in 1920 and The American Institute of Architects craftsmanship medal in 1925.

Of particular interest is the following list of important windows designed and made by Mr. Connick: Jessie Woodrow Sayre Memorial Chapel Reformatory for Women in Framingham, Emmanuel Church in Boston, All Saints' Church in Brookline, Western Bays windows in Arts and Education Bays and windows in St. Martin's Chapel, Cathedral St. John the Divine in New York, East window devoted to "Christian Brotherhood," and four great choir windows, symbolizing Dante's Divine Comedy, Bunyan's Pilgrim Progress, Milton's Paradise Lost, and Malory's Morte d'Arthur, in Princeton University Chapel, Princeton, N. J., all the windows in University of Pittsburgh Chapel and nearby Stephen Foster Shrine in Pittsburgh and quite a few others of some note. Of particular interest to Newtonians, of course, is the fact that some of Mr. Connick's excellent work may be seen in the Church of the New Jerusalem on Highland ave., Newtonville.

Mr. Neal (Russell) O'Hara, the nationally-known columnist, lives at 27 Grove Hill Park, Newtonville. This distinguished gentleman, who refers with some little delicacy to his age in his Take It From Me daily column in the Boston Traveler, was, as a matter of fact, born more fifty years ago on June 19, 1893, in Middleboro, Mass. He received his A.B. from Harvard University in 1915 and married Miss Marion Leonard of Abington on October 4, 1919. The O'Haras have two children, Joan and Neal Russell.

Neal O'Hara became a sports writer for the Boston Post in 1913 and stayed with that paper four years. From 1919-1931 he was a columnist for the New York Evening World. The gap between 1917 and 1919 was devoted to service in World War I, in which he was one of those famous "shave-tails" (Second Lieutenants). According to his own confession, he was "intermittently" employed as scenario writer in Hollywood, 1927-1928 and in 1931. From 1931 up to the present moment he has authored the famous daily Take It From Me column for the McNaught Syndicate, Inc. This column has traveled all over the world during the current war and has been a great boon to servicemen. One of the interesting by-products has been the prompt action taken by many of its readers whenever an important suggestion or criticism has been made. If the author cannot seem to locate the right kind of tooth-paste or a satisfactory pair of rubbers, all he has to do is to announce the sad story in his column. Within forty-eight hours he is sure to receive a nice stock of tooth-paste and rubbers. It must be a gift!

FIRST CHURCH OF CHRIST, SCIENTIST OF NEWTON

391 Walnut St., Newtonville
Services—Sunday, 10:45—
Wednesday, 8:00 P.M.

The subject of the Lesson-Sermon to be read in The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and in all of its branches, on Sunday, Feb. 13, 1944, will be "Soul."

The Golden Text, "I will greatly rejoice in the Lord, my soul shall be joyful in my God," is from Isaiah 61:10. Other Scriptural selections will include "Ye shall keep my sabbaths, and reverence my sanctuary: I am the Lord. . . . And I will set my tabernacle among you; and my soul shall not depart from you: and I will walk among you, and will be your God, and ye shall be my people" (Leviticus 26: 2, 11, 12).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Because Soul is immortal, it does not exist in mortality. Soul must be incorporeal to be Spirit, for Spirit is not finite. Only by losing the false sense of Soul can we gain the eternal unfolding of Life as immortality brought to light" (p. 335).

Kiwanis Activities

Kiwanis Club members turned out in goodly numbers at last Tuesday's regular meeting. The business included announcements to the effect that the February 22nd meeting will be held on the following day, February 23rd, and the Penny Sale has been definitely scheduled for March 21st.

Ben Louis inducted two new members, Cady Peck and Herb Leberman. These new members will be assigned to committees next week. The speaker next week will be Mr. John D. Haughey, Street Commissioner of the City of Newton.

Walter Finlay introduced the speaker of the day, George M. Disbrow, Scout Commissioner of the Cambridge Council, who is also a Kiwanis member of eleven years standing. Mr. Disbrow spoke about the national organization set-up of Boy Scouts and explained that this week marks the thirty-fourth anniversary of Scouting in the United States.

He told something of the Scout program as it has been tested over the years, in what he called the laboratory of youth, and as it is now presented to various groups to sponsor. "The Boy Scout program," he said, "is not the answer to juvenile delinquency, but necessarily supplements the home, church, and school." He said that "kingdoms may rise and fall, but boys go on forever."

Speaking of some of the influences which affect boy life he mentioned hereditas as being very important. Boy life is very complex and is made up of several basic urges. The Boy Scout program seeks to direct these urges into constructive channels. He mentioned the urge to struggle and fight, to escape from the commonplace, to get out-of-doors, to barter and collect, to respond to rhythm, and to gang up with other boys. The idea of scouting is to teach self-reliance and to "teach boys to love the stars, so they will not fear the night." Mr. Disbrow quoted the saying, "Building boys is better than building men."

In closing, he spoke about the similarity between the ideals of Scouting and Kiwanis, explaining that both organizations seek to build. He bespoke the interest of Kiwanis members in the scout program on the basis that the letters making up the word Kiwanis IS WONDERFUL AND NEVER IS SELFISH.

GROUND PERSONNEL IS IMPORTANT
By Lt. Donald R. McGoldrick, PRO

From a 15th AAF Fighter Base. It is not only the pilot in a flying outfit who is responsible for the success of a mission. Behind each plane which takes off to bomb an enemy target, protect a bomber from enemy aircraft, or to dive-bomb or strafe an enemy objective, a number of ground personnel have been directly responsible for the numerous and important jobs which must be done before a unit can be operative.

For example, there is 1st Lieut. Robert H. Brown, 5 Montrose st., Newton, Mass. He attended Northeastern University in Boston, Mass. In civilian life he was a chemist at Niagara Falls, N. Y. In a 15th AAF fighter group, Brown is squadron engineering officer.

Lt. Whitehead, who is 25, is a graduate of the Suffolk Law School. He joined the Air Forces in March, 1942. He flew to England in October of last year and had participated in 5 combats up to the time this letter was received by his parents. He has also been awarded the Air Medal.

Capt. Johnson, a former teacher at the Newton High School, is in the Intelligence Division of the Army Air Forces.

"Norumbega on the Up and Up," a presentation of the activities of the Norumbega Boy Scouts and Cubs, will be given at the Newton Armory, 1137 Washington st., West Newton, on Saturday afternoon and evening, Feb. 26th.

Alertness Of Police Inspector Catches Automobile Thief

An alert police inspector and a long vigil near a car that had been reported stolen in Waltham culminated in the capture of the thief last Wednesday afternoon as he was about to begin a trip to New York.

The machine is owned by William Ferro of Felton st., Waltham. After the report of the stolen car was received Inspector Lyons of the local police memorized the number and kept a sharp lookout while cruising about Newton. When he located the parked machine he stopped nearby and examined it.

When he discovered the doors locked he came to the conclusion that the machine had not been abandoned.

After an hour and a half wait he finally saw two youths approach the stolen car. The youths were taken to police headquarters and questioned. One of the pair, a 16-year-old Waltham boy, admitted that it was he who had stolen the car. He absolved his companion, a West Newton boy. Police released the West Newton boy and turned the Waltham lad over to the Waltham police for arraignment in the juvenile court. Before Judge Frederic A. Crafts, the boy was recommitted to the Shirley Industrial School, from which he is on parole.

DESCRIPTS MEETING NEWTONVILLE MAN
In a letter written by Lt. George I. Whitehead, Jr., navigator and gunner on a Flying Fortress, to his parents, Mr. and Mrs. George I. Whitehead of 15 Otis Park, Newtonville, he describes a chance encounter with Capt. Evan Johnson whose home is at 88 Otis st., Newtonville, a few doors away from the Whitehead residence.

In the letter Lt. Whitehead tells of picking up the telephone at the air field at which he is stationed to call up a field a considerable distance away at which a friend of his is stationed. The friend was not there at the time and the party who answered offered to convey a message to him. When Lt. Whitehead gave his name the other party asked if he happened to be the George Whitehead who used to play hockey for Newton High School, and on being informed that he was, told him that he was talking to his former hockey coach, Capt. Evan Johnson.

Lt. Whitehead, who is 25, is a graduate of the Suffolk Law School. He joined the Air Forces in March, 1942. He flew to England in October of last year and had participated in 5 combats up to the time this letter was received by his parents. He has also been awarded the Air Medal.

Pin-up picture for the man who "can't afford" to buy an extra war bond...

YOU'VE HEARD people say: "I can't afford to buy an extra War Bond." Perhaps you've said it yourself... without realizing what a ridiculous thing it is to say to men who are dying.

Yet it is ridiculous, when you think about it. Because today, with national income at an all-time record high... with people making more money than ever before... with less and less of things to spend money for... practically every one of us has extra dollars in his pocket.

The very least that you can do is to

buy an extra \$100 War Bond... above and beyond the Bonds you are now buying or had planned to buy. In fact, if you take stock of your resources and check your expenditures, you will probably find that you can buy an extra \$200... or \$300... or even \$500 worth of War Bonds.

Sounds like more than you "can afford"? Well, young soldiers can't afford to die, either... yet they do it when called upon. So is it too much to ask of us that we invest more of our money in War Bonds... the best investment in the world today? Is that too much to ask?

NEWTON UPPER FALLS WOMAN'S CLUB TWENTY-FIFTH ANNIVERSARY

The members of the Newton Upper Falls Woman's Club met in the Emerson School on Monday, February 7, at 7:30 p. m. to celebrate the Twenty-fifth anniversary of the organization of the Club. Mrs. Donald F. Flinchbaugh, president wearing a beautiful orchid the gift of her executive board, greeted the members and guests and presented six of the past presidents, Mrs. Robert B. McLaughlin, 1927-1929; Mrs. Thomas L. Aiken, 1931-1933; Mrs. Walter R. Evans, 1933-1935; Mrs. Albert Proctor, 1935-1937; Miss Nellie M. Osborne, 1937-1940 and Mrs. Harold T. Sprague, 1940-1942, who are all active members of the Club. Following a short business meeting, Mrs. Flinchbaugh presented Mrs. Nellie Nickerson Rogers of Newtonville, a former resident of Newton Upper Falls, and one of the charter members who read a delightful and interesting poem of Recollections of Club Days for the past twenty-five years. Mrs. Rogers gave a short account of the 22 years of literary and social life of the Pierian Club whose members worked and canvassed the village of Newton Upper Falls 25 years ago organizing a flourishing group of ladies to be known as the Newton Upper Falls Woman's Club. Mrs. Charles Mills, president of the Pierian Club, and mother of the present president, Mrs. Phyllis Mills Flinchbaugh, presented the gavel of the Pierian Club to the president, Miss Margaret A. Sullivan who served as president for two years.

The club has had thirteen presidents in the twenty-five years of which three, Miss Margaret A. Sullivan, Mrs. Herbert E. Child and Miss Ethel W. Sabin who have passed away are held in loving memory by the members.

The club held its first meetings in the hall of the old Wade School later transferring to the Kindergarten Rooms of the Ralph Waldo Emerson School where their meetings are held the first and third Mondays from 7:30 to 10 p. m. from October through April with one meeting in the month of December. The Club has held a splendid record of being a real group of women who meet together in a spirit of friendly co-operation, always doing a big share in work of the city, state and nation.

A group of 28 members formed a Garden Club which has brought fine sociability and beauty into the life of the club with its Flower Shows and supervision of Home Gardens.

Following the reading of the memories, Mrs. G. Louis Marcy, chairman, introduced Mrs. W. Henry Shillington who played two violin selections accompanied by Mrs. H. T. Sprague and Mrs. Joel H. Atwood of 39 Canterbury rd., Newton Highlands, who with her friend Miss E. Elizabeth Brader of the Charles J. Connick Studios of Boston, presented pictures in color upon the screen of "New England in Seasonal Dress." At the close of this delightful program the members and guests were served pieces from a huge birthday cake with coffee by the hostess of the Hospitality Committee for the evening, Mrs. Frank Smith, and her group of assistants.

Weeks Is Named--

Republican State Committee from 1936 to 1938 and became treasurer of the National Committee in 1941. In recent years he was a lieutenant colonel in the Army Reserve and has been serving during the present war as a civilian aide in charge of civilian procurement under the secretary of war.

Mr. and Mrs. Weeks, the former Beatrice Dowse of Newton, have six children. They received word this week that their oldest son, John W. Weeks, 2d, had been promoted to a captaincy in the Army and given command of B Battery of the 101st artillery in the Yankee Division, the post held by the senator-designate in World War I. Other children are Mrs. Frances Weeks Hollowell, wife of Lt. (jg) Roger H. Hollowell, USNR, of Milton; Aviation Cadet Sinclair Weeks, Jr., Army Air Forces; Martha S. William Dowse, and Beatrice Weeks.

When Mr. Weeks takes his seat in the Senate, it will be one month short of the 25th anniversary of his father's retirement from that branch of Congress.

A Newtonite On Broadway

By SAUL R. EXELBERT

And that's the City Center, Mayor LaGuardia's gift to the city, which is becoming a little "flower" in itself, blooming into the most popular after-noon show site in town. At this dome structure (seats 2300) Center producers plan to give the best in music and drama at reasonable prices. Broadway and Carnegie Hall teaming together in presenting to New York the Best Bargain In Town. A municipal non-profit enterprise of this sort will be of great influence in the life of the city for years to come. (A memo for our editorial page). Entering its second month since the grand opening on December 11th, the Center is doing more than any other civic enterprise in the rise of the theatre and the appreciation of the "music" and "arts" at neighborhood theatre prices.

Last week the Center sold out again for those brilliant demonstrators, Larry Adler and Paul Draper. Draper on his toes of magic and with an art of grace and charm gave another remarkable performance dancing with taps to the interpretations of Bach, Albeniz, Debussy, Rameau, Handel and "Solid boogie-woogie." While Adler, the harmonic virtuoso, thrilled the audience with skill and musicianship at Mozart, Schumann, Bach, Albeniz, Debussy and also some young folk, delight at rug-cuttin' jamboree. And this week, "Porgy and Bess" already shows expectations for a sell-out performance. This negro musical, Gershwin style, has been on two nation wide tours, made three extended shows on Broadway by popular demand and is establishing a theatre record of almost completing the clock in giving performances. All the cast has to do now, is make an early breakfast musical. And when Porgy leaves for a Canada trip, 8 operatic performances by the NY City Center Opera Co. will be in the offering. Tosca, Martha and Carmen—all with seats reserved from \$5 to \$2.20. No wonder the Center is called the "bargain of the city." The March winds which will bring Leopold Stokowski to the Center and his concert to be given primarily for the benefit of workers and those in the salary brackets who ordinarily do not find the best symphonic performances within reach of their purses, will also blow nothing for the greatest goodwill bid in the history of NY symphony ranks. So that's City Center—a little out of the way for Times Square patrons but still near enough for Broadwayites to see the town's BEST SHOW FOR YOUR MONEY.

TWO ALARMS ARE SOUNDED

Two alarms were sounded for a fire which started in a tailor shop of Vartan Bilezikian at 417 Lexington st., Auburndale, early Thursday morning. The blaze was discovered by Patrolman David Cummings who sounded the first alarm at 12:21 a. m. Chief John L. Keating on arrival at the scene of the fire ordered a second alarm.

The shop is located in a block of seven stores. The firemen under the direction of Chief Keating and Deputy Chief John E. Corcoran succeeded in keeping the blaze confined to the tailor shop, but the adjoining stores received smoke and water damage. The "all-out" was sounded at 1:40 a. m.

TO HOLD "POP'S NIGHT"

GUILD OF ST. FRANCIS

The Guild of St. Francis of Newton will hold its next general monthly meeting Tuesday evening, February 15, at eight o'clock at the Sacred Heart School Hall. Politics With Color

ings appears anxious for him to vacate his office and go to Washington may serve to strengthen his determination to stay put. Then, too, there is a certain local celebrity who wants the Governor to take Senator Lodge's place. He, however, has an obvious motive. It would burn him up to see Sinclair Weeks advance politically. Drew Pearson on Senator Burton
Several years ago, in another paper in another community, I listed eight potential Republican candidates for the Presidency. One of these was the Junior Senator from Ohio, Harold H. Burton, whom I have mentioned a number of times in this space during the past months. It is, therefore, pleasing to have no less an authority than Drew Pearson, whose column appears in nearly three hundred papers all over the country, say last night that former Vice-President John N. Garner had suggested the strong possibility that the G. O. P. leaders would very likely turn for their nominee to a man of the opposite type from Mr. Roosevelt. Such a man, said Garner, was Harold Burton. He said a great deal more, which I shall discuss in some future column. This should interest Burton's many friends in this vicinity, where he first knew Mrs. Burton. P. W. C.

The public is invited to attend.

Trade School Gives Army Jeep

Newton Trade School with 146 pupils gave a Jeep to the Army during the 4th War Loan Drive. Mr. Leon L. White, teacher and in charge of the sale of the War Savings Stamps and Bonds in the school said, "The money just poured in on stamp day and we found we had \$1,165.00 enough to buy a Jeep, and the boys were certainly pleased to hear we could have a Jeep out to look over."

Captain Alden Dinsmore, U. S. Army, home on sick leave from the South Pacific where he trained native troops to drive Jeeps explained the mechanism of the machine to them.

Army-Navy Test Will Be Given

The third Army-Navy College Qualifying Test for the Army Specialized Training Program and the Navy College Program V-12 which will be given throughout the country on Wednesday, March 15, at 9:00 a. m., will be administered at the Newton High School. Mr. Raymond A. Green, Principal, announced. A leaflet of general information which contains an admission-identification form may be obtained at the High School office. This form properly filled out will admit to the test students between the ages of 17 and 21 inclusive who are high school graduates or who will be graduated by July 1, 1944. Intent to take the test should be made known immediately to the High School authorities in order that the necessary test supplies may be ordered.

The same examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

The Army Specialized Training Program is aimed to meet the Army's needs for specialists and technicians in certain critical fields of study. Academic work is at the college level at government expense. The Navy College Program also enables students to continue academic training at government expense. Successful completion of the prescribed courses may, following further officer training, lead to a commission in the Navy.

CHANNING UNITARIAN CHURCH

Because of the spread of rumors, gossip and completely untrue statements about the affairs of Channing Church at Newton Corner, the Channing Religious Society feels it necessary to make a public statement to correct the unwarranted and unauthorized reports as circulated and printed recently in local and Boston newspapers. Such reports erroneously referred to the dissolution of the Society and the winding up of the affairs of the church. This is not a correct nor a fair statement of the situation and can only be considered as a misleading half-truth. The facts are that the Society in October, 1943, did vote to sell their property but they also voted to continue church activities on a reduced program, pending a sale.

In order to further clarify the situation, notice is hereby given of action taken by the Society on Tuesday, February 8, 1944, at the Annual Meeting. At that time it was voted and arrangements were made to continue weekly Sunday services through the usual church year until July 1944. After the summer season the church will reopen in September.

The Society hopes that this statement will clarify the status of the church so that further damaging and uncalled for reports will not be circulated.

Comes Within One Of Tying Record

Lt. Robert M. Hanson, Marine fighter pilot, and son of Mr. and Mrs. Harry A. Hanson of 31 Brooks ave., Newtonville, who recently downed his 25th Jap plane in a raid on Rabaul coming within one of tying the record of Capt. Eddie Rickenbacker in World War I, has been reported as missing in action since Thursday, February 3, and is believed to have been killed when his corsair fighting plane struck the water after a strafing dive.

His parents still have hope that he may be alive as he had written them not to give up hope if he was reported lost as there are many islands in the area and it might be weeks before he could get out. Lt. Hanson was shot down in November while covering the landing of the American forces at Bougainville, was reported missing at that time and was rescued by a destroyer after spending six hours in a rubber boat.

Lt. Hanson was out after his 26th enemy plane on the day before his 24th birthday when his plane crashed.

Don't Ask S.S. Board For 43 Wages

Don't ask your Social Security Board field office for a statement of your 1943 earnings for income tax purposes, James T. Phelan, Manager of the Cambridge field office requested recently.

The Social Security Board cannot help you because your employer's tax return will not have reached the Board in time to permit it to make available a statement of your annual earnings for income tax returns.

Manager Phelan said that each year "come income tax time," hundreds of Newton residents request statements of their annual earnings for use in making out income tax returns, because they know that the Social Security Board keeps careful records of wages paid to workers in jobs covered by the old-age and survivors insurance system. It is on the basis of these records that benefits are calculated for the insured worker of his family.

Wages paid during the last three months of 1943 will be reported to the Collectors of Internal Revenue during January, Mr. Phelan said. During February and March these reports will be forwarded to the Baltimore offices of the Bureau of Old-Age and Survivors Insurance. There the wages amounts will be recorded in the social security account maintained for each individual worker. This will not be completed until the end of June.

"More than 600,000 wage items are received each day in the Accounting Offices of the Social Security Board," Mr. Phelan said, "so it is understandable why it will take until June 30 before the wages received during 1943 by the 47,000,000 persons who worked last year in jobs covered by old-age and survivors insurance are tallied for each individual. We are sorry — but when it comes to income tax returns, the Social Security Board cannot be of help."

In another three weeks, Massachusetts residents, along with the rest of the nation, will be introduced to the OPA's new program of shopping with ration tokens.

The tokens, made of vulcanized fiber and slightly smaller than a dime, come into circulation on and after Sunday, Feb. 27. Consumers will first receive them in the form of "change" after making purchases of meats and fats with red stamps, or processed foods with blue stamps. The colors of the tokens match the stamps with which they will be used.

The important points that all consumers should bear in mind when they switch to the new plan is that changes will be made in the value and validity periods of all food ration stamps. After Feb. 27, red and blue stamps will be worth 10 points each, regardless of the numbers printed on them. Tokens, worth one point each, will be given in change whenever a transaction requires "change."

The saving in time, trouble and expense to the nation's 600,000 storekeepers is estimated at three million dollars a month. Furthermore, the new rationing plan will make a ration book last nearly two and a half times as long.

A PROCLAMATION

The American Red Cross marches on, side by side with our soldiers who are fighting for us on the far flung battlefields of the world. The Red Cross cares for those who hold most dear at the very times we would wish most to help. This great humanitarian and war time organization renders assistance to the families left behind, and extends a helping hand to those in dire need as a result of our National emergency.

We expect this war to be carried to a successful conclusion by our fighting men, but only after a colossal effort and sacrifice on their part. This means that the work of our Red Cross representatives will be stepped up week by week, for we must have them at the front lines. Our boys know what the Red Cross means, and we will not fail them in their hour of need.

The citizens of Newton are now asked to give \$170,000, a substantial increase over last year. Of this amount \$35,000 will be devoted to the work of the Local Chapter here in Newton, and the balance will finance the War Services. We are certain that Newton will fully support the Red Cross at this critical time, and just as certain that the Red Cross will continue to serve our men overseas.

Weeks Given Oath Of Office

Lt.-Col. Sinclair Weeks of 97 Valentine st., West Newton, former mayor of Newton, was sworn into office as a member of the United States Senate in Washington, D. C., on Tuesday, as successor to Major Henry Cabot Lodge, Jr.

Senator David I. Walsh of Clinton, Mass., presented the new senator and read the certificate of appointment drafted by Gov. Saltonstall. Weeks took the oath of office and then proceeded to a seat at the far end of the Republican side. Because the House was in session at the time, only a few of the Republican members were able to attend, among whom were Representatives Christian A. Herter and Angier L. Goodwin. Rep. J. Philbin of Clinton represented the Democratic delegation. Also present were Judge Jacob Asher of Worcester, John A. Trout of Beverly, Thomas A. Pappas of Belmont and Carroll L. Meins, where man of the State Public Utilities Commission.

Mrs. Weeks, accompanied by Senator Weeks' sister, Mrs. John Davidge of Washington, sat in the gallery. Mrs. Weeks occupied the seat customarily reserved for Mrs. Franklin D. Roosevelt.

A cordial welcome to his new colleague was extended by Senator Walsh, who although a member of the opposition party, volunteered his services and the services of his office in aiding the new senator to become familiar with his duties.

Later in the day a tea was given at the home of ex-Senator and Mrs. Lodge in the Georgetown section of Washington, where Mrs. Lodge acted as hostess to her husband's successor. Many members of the Massachusetts congressional delegation were present to welcome their new member.

Col. Thorndike was in command of the Harvard Unit, 105th General Hospital, before leaving for war duty he was associate surgeon at the Children's Hospital and consultant in traumatic surgery at the Massachusetts General Hospital. During World War I, while a sophomore at Harvard, he left college to join the Navy. While Dr. Thorndike was serving in the Southwest Pacific, his oldest son, Augustus Thorndike, Jr., was invalided home from the Middle East, where he served in the American Field Service for six months.

\$307,802 Turned Back To Treasury

The city of Newton ended the past year with a surplus of \$1,461,784, the largest in the city's history, according to the annual statement of expenditures issued by Comptroller of Accounts Daniel A. White.

The total surplus consists of \$1,297,547 in the general surplus account and \$164,237 in the Water Department excess and deficiency account.

Eliot Men's Club Plan 1000 Members

The monthly meeting of the Eliot Men's Club of the Eliot Congregational Church took place on the evening of February 14th. Fully 60 men of the church and of the Newton were present. A bountiful Chinese dinner was served which was greatly enjoyed by all.

After the dinner, reports were read by the two Captains of the club and the blues. Captain Charles E. Morrow representing the blues reported 5 new members and Captain Bob Waller representing the reds reported 9 new members.

The club has plans to have a membership of a thousand members. The club is appealing to the wealthy prominent men of the Newtons to back up the club which is trying hard to do many good things and among them is the helping of the returning War Veterans, not only to get them back on their feet physically, mentally, socially and spiritually. The club is writing and receiving letters from all parts of the world. At each monthly meeting letters are read from the boys.

Horace Petty, Scout Commissioner of Squanton District, Norumbega Council spoke and so did Raymond B. Davey, Scoutmaster of Boy Scout Troop 22, both telling about the work they are trying to do to help the boys.

Ed Bliss, secretary of the Club, introduced the speaker of the evening, Frank Anderson. Frank is a member of the club and spoke of "Business Forecasting." Frank knows the subject and spoke quite entertainingly to all. He is a graduate of Massachusetts State College and has been in the Brokerage Business for many years. He served in the First World War.

The next meeting with a good dinner will be held on the evening of March 13th. A bang-up entertainment is being planned.

Highlights of the day's program will be a visit at 2:30 p. m. to the Wheelock Child Centre in Roxbury where Dr. Dorothy G. MacLeod conducts a Well-Child Clinic and where Wheelock students observe and work with children. Guests are invited to visit classes and dormitories in the morning and will be received at luncheon in Colchester House by Mrs. Howard W. Burge of Wellesley Hills, dean of residence. From 12:45 p. m. to 1:15 p. m., there will be an opportunity for individual conferences with members of the college staff. In the afternoon, there will be an exhibition by a dance group at 1:30 o'clock and tea at 4:15 p. m. at Riverway House. Miss Laura A. Townsend of Waban, registrar, is in charge of the Open House program.

Couldn't Spend Money

A factor in the unprecedented surplus this year was the fact that a larger sum than ever before was returned to the city treasury at the end of the year 1943 by the city departments. The shortages of manpower and the fact that many supplies were unavailable prevented the departments from filling many vacancies and fully carrying out many projects planned. The total returned to the city treasury at the end of last year was \$307,802, compared with \$241,398 at the end of 1942.

The Welfare Department turned back the largest amount, \$58,995. The School Department was second with \$51,463 and the Street Department was third with \$46,000. The Police Department was a close fourth with \$40,482.

The total appropriation of the departments and the sums expended follow:

Newton Water Is Of High Quality

The annual report of the bacteriological examination of samples of the city's water supply by the Newton Board of Health revealed that the quality of the water is "exceptionally good."

"As in previous years, the Health Department has checked routinely the bacteriological quality of Newton's water supply," Chief Sanitary Inspector A. A. Robertson stated.

"Chemical examinations of the supply are made at frequent intervals in the laboratory of the State Department of Public Health."

"The results of these examinations indicate that the sanitary quality of Newton's water supply is exceptionally good and that it is of the highest quality of United States Public Health Service."

Edwards, chairman of the Citizens' Committee for Service to Newton Servicemen, was master of ceremonies. He was assisted in distributing the traveling kits to the men by Carmen Vitti, Warren Oliver and Police Captain Nicholas Vedeucio.

Not To Replace Police Cars Now

Chief of Police Michael T. Hughes at a meeting of the Finance Committee of the Board of Aldermen on Thursday night explained the budget needs of the Police Department as outlined in the budget figures submitted by Mayor Paul M. Goddard.

The annual practice of purchasing a new fleet of cruising cars for the department is to be omitted for the first time since the department was motorized in 1930, due largely to the difficulty of obtaining new cars, and also because the present police cars are in good condition, having been used more sparingly than in previous years.

The five motorcycles used by the department are to be traded in for new ones, for which the sum of \$1,500 was included in the budget. The total budget proposed for the department is for \$341,191. All items requested by the department have been approved by Mayor Goddard and provision was made for step-rate salary increases.

Fourth Bond Drive A Success Here

Newton War Bond Committee are waiting for complete reports from Federal Reserve Bank to announce the final results of the drive in Newton. The last report on Feb. 14th gave total sales of \$6,864,000 or 93 per cent of the Newton's quota. Additional sales went through before midnight, Feb. 15th which should put Newton over the top. The sale of Series E, F and G Bonds and Series C tax note will continue to apply on this drive until March 1, 1944. Newton has a quota of \$925,000 Series E in this drive. Up to Feb. 14 \$819,000 had been sold or 88 per cent. With the fine support continually given by the Women's Division the Series E quota will be reached by Mar. 1st.

John L. Babbitt Missing In Action

John L. Babbitt, Jr., 17, son of Mrs. Mary L. Babbitt was reported as missing on a Merchant Marine casualty list announced this week. He was a fireman on a merchant vessel and several months ago his mother was notified that he was missing on his first voyage.

RED CROSS WAR FUND RALLY TO BE HELD NEXT THURSDAY

Charles B. Floyd, chairman of the 1944 Red Cross War Fund, announces a Worker's Rally to be held on Thursday, Feb. 24, at 8:15 p. m. in the high school auditorium.

"Although primarily for the 1500 volunteers who will assist in raising Newton's quota of \$170,000," says Mr. Floyd, "the general public is cordially invited to attend. The program will be an interesting one, including the 'March Through Time' 'At His Side' with scenes taken on actual battlefields. Seeing Red Cross in action with our fighting forces tells the story why we must raise our quota better than any words."

"Principal speaker will be Cameron Beck, a well-known business executive associated with one of the great war industries where thousands are employed in producing war material," continued Mr. Floyd. "He is well equipped to bring to the Newton War Fund workers the message, 'What the Red Cross Is Contributing to Victory.'"

After the meeting, hot coffee and doughnuts will be served by the Canteen Corps from the new Clubmobile.

ANNUAL MEETING DINNER OF NEWTON HOSPITAL HELD

Outstanding Record Made In Service To Patients During Year Just Ended

The Annual Meeting of Newton Hospital was held on Feb. 8, in the new Nurses' Home, followed by a dinner for the Trustees, the Staff and other guests.

The officers and trustees elected were: President, Clifford H. Walker; First Vice-President, Clarence G. McDavitt; Second Vice-President, Paul T. Babson; Treasurer, Benjamin J. Bowen; Assistant Treasurer, Donald P. Perry; Clerk, C. Raymond Cabot; new Trustees: Burton E. Eames, Mrs. Charles B. Floyd, Donald P. Bolser, Neil Leonard, Marshall G. Bolser.

The Board of Governor and other Standing Committees were also elected as follows:

Board of Governors: Charles M. Cutler, Benjamin W. Guernsey, A. Leslie Harwood, Jr., Maynard Hutchinson, E. Prentiss Jones, Neil Leonard, Clarence G. McDavitt, Joseph F. Wogan.

Finance Committee: C. Raymond Cabot, Maynard Hutchinson, John A. Paine, Mrs. Robert L. Studley, James V. To-

ner.

Auditing Committee: Frank H. Stuart, Clifford H. Walker, Philip S. Jamieson.

Investment Committee: Henry T. Dunbar, Paul T. Babson, William F. Chase.

Nominating Committee: Henry A. Wentworth, William H. Hill, Marshall B. Dalton.

The hospital had an outstanding record in its service to the communities of Newton and Wellesley in its year just ended. The number of patient days reached an all-time high of 74,446, and in the obstetrical department a new high was also reached with 1,103 babies born at the hospital.

From the treasurer's report it was shown that the income for the year 1943 was \$556,207.53—an increase of \$63,356.33 over 1942. The expenses of the hospital were \$592,064.17 as against \$557,642.27 for 1942. These figures are, of course subject to the completion of the final audit of the hospital finances for the year. It was also brought out that during the year the new X-ray equipment had been completely paid for, and other important improvements made in the physical property and equipment.

Student nurse enrollment also rose to a new high of 159 in 1943, with an additional class of 33 coming in this month. A very large proportion of these students are members of the United States Cadet Nurse Corps.

The volunteer program also greatly expanded from 1942, when upwards of 45,000 hours were given by 489 volunteers, to over 70,500 hours given in 1943 by 1,031 volunteers. Through this program in which the Newton and Wellesley Chapters of the American Red Cross with trained volunteer personnel, and through the many individual volunteers from both communities, the most serious problems of help shortage have so far been met.

Special comment was made of the Hospital Aide's contribution through its Coffee Stand to the comfort and accommodation both of the staff as well as employees and visitors to the hospital.

Gerhard Hartman, Administrator of the Hospital, presented his report, from which much of the material above referred to is drawn. Among the high spots touched upon in his report was the use of the hospital for training in hospital administration, the creation of the Medical Anesthesia Department, the greatly increased use of the hospital through the participation in the War Relocation Plan sponsored by the Blue Cross, the desirability of establishing a department of occupational therapy, consideration of a program in Newton and Wellesley for the care of both convalescent and chronically sick patients, and a particular tribute to the Medical Staff which, though reduced by 43 per cent through so many of

its members having gone into the service, has functioned most efficiently.

Charles M. Rogerson, Esq., of Boston, prominently associated with the Community Fund of Boston since its inception, gave a most interesting talk on "The Picture as a Whole"—being a discussion of the over-all problems of the raising of the funds, the territory which must be covered by the agencies concerned, and the proper allocation of the funds raised to the agencies serving the public.

Accepts Call To Albany, N. Y.

Rev. Clarence Almon Wagner, who has served for the past two years as minister of the North Congregational Church, Newton, has accepted a call to join the staff of the New York State Council of Churches, director of Leadership Education and Field Supervision with headquarters at Albany, New York.

Prior to assuming his new duties, Mr. and Mrs. Wagner plan to spend about three months at the U. S. Army Air and Bomber Base at Rome, New York, to organize a program of religious work among the civilian population of about 5,000 employed at the base. Mr. Wagner has been engaged as director of recreational activities at the U. S. Army civilian recreation center located here.

Mr. Wagner came to the North Congregational Church about two years ago while pursuing a program of graduate study in Harvard University, leading to the degree of Doctor of Philosophy. He was formerly division superintendent for five years of the New York State Council of Religious Education and later served as superintendent of the Department of Leadership Education for the National Board of the Methodist denomination at Chicago. Before coming to Newton he was minister of the Methodist Church in Woburn.

POLICE INSPECTOR CATCHES AUTO THIEF

An alert police inspector and a long vigil near a car that had been reported stolen in Waltham culminated in the capture of the thief last Wednesday afternoon as he was about to begin a trip to New York.

The machine is owned by William Ferro of Felton st., Waltham. After the report of the stolen car was received Inspector Lyons of the local police memorized the number and kept a sharp lookout while cruising about Newton. When he located the parked machine, he stopped nearby and examined it.

When he discovered the doors locked he came to the conclusion that the machine had not been abandoned.

After an hour and a half wait he finally saw two youths approach the stolen car. The youths were taken to police headquarters and questioned. One of the pair, a 16-year-old Waltham boy, admitted that it was he who had stolen the car. He absolved his companion, a West Newton boy. Police released the West Newton boy and turned the Waltham lad over to the Waltham police for arraignment in the juvenile court. Before Judge Frederic A. Crafts, the boy was recommended to the Shirley Industrial School, from which he is on parole.

A PRAYER FROM THE AUBURNDALE CONGREGATIONAL CHURCH

Ralph Hebard Rogers, Ph.D., Minister

Almighty God, Father of us all, who art present in all places and from whose loving kindness neither space nor distance can separate us, bless our soldiers, sailors, and airmen; our chaplains, nurses, and doctors, especially those who have gone forth from this community. Sustain them in all their ordeals. Give them strength, courage, and skill to do whatever they are called upon to perform. Preserve them from harm and deliver them from evil. Help them at all times to uphold the honor of the service. And make them and us worthy of the victory for which we strive and for which we earnestly pray. Amen.

NEWTON CHAPLAIN TELLS OF DAY OF PRAYER IN JUNGLE

Chaplain Franklin, former minister, has been overseas for nearly two years. His family resides on Islington rd., Auburndale. His letter follows:

"Since the President's Proclamation for the Day of Prayer Jan. 1 did not reach us until Jan. 2, we are observing the day with special services Thursday, Jan. 6. In view of the good news from Russia and China as well as in our own Pacific area we shall make it a day of Thanksgiving as well as of Penitence and Supplication."

NEWTON MERRY-GO-ROUND

The first big snowstorm of the year arrived here in the quiet manner, early last Friday morning. The soft, pearly flakes fell gently all day, until by nightfall Ol' King Winter had really taken over. With the arrival of daylight, Saturday morning, there was an overabundance of the fluffy stuff around and by go-to-business time, the scrape of countless busy snow shovels sped the town's storm attired commuters on their way.

Newton's city employees accomplished an excellent job of street cleaning this year. The snow removal personnel and equipment was set in motion promptly, by Street Commissioner Haughey, and at no time was there a tie-up or bottleneck, anywhere, in the movement of wartime traffic, in this city.

As this pillar takes form, Monday, Feb. 14th, the hills of our up and down community present an icy surface to operators of the Garden City's dwindling automobile fleet. The majority of cars, however, are equipped with chains and with due driving care are negotiating the highways and byways under their own power.

An occasional member of the Careless Brotherhood has come to grief here and there — as usual. The reason—as usual—being lack of care. One of them caused a traffic tie-up on Washington st., Newton Corner, Saturday night. He was making very good time, they say, until it became necessary to apply the brakes. That's when the speeding car began cutting exciting figure eights across the busy highway.

According to admiring observers, the fancy capers of that particular car were something to see. Particularly the grand finale, when the operator brought his act to a close by wrapping his sun fishing sedan around the bow of a giant tractor plow.

From there in, 'twas the usual routine as concerns all accidents. The other fellow was, of course, all wrong. The crowd took sides. The police arrived and then, ahem, nobody saw nothin'... and an automobile repairman smiled happily in his dreams.

FIRST CHURCH OF CHRIST, SCIENTIST OF NEWTON

391 Walnut St., Newtonville

Services—Sunday, 10:45—
Wednesday, 8:00 P.M.

"Behold, God is mighty, and despatches not any; he is mighty in strength and wisdom." This passage from the Bible, Job 36:5, comprises the Golden Text to be used in the Lesson-Sermon on Sunday, February 20, 1944, in The Mother Church, The First Church of Christ, Scientist in Boston, Massachusetts, and in all of its branches.

The subject of the Lesson-Sermon will be "Mind," and included in the Scriptural selections is: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! For who hath known the mind of the Lord? or who hath been his counsellor..."

For of him, and through him, and to him, are all things: to whom be glory for ever. Amen" (Romans 11:33, 34, 36).

The following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included:

"Mind, supreme over all its formation and governing them all, is the central sun of its own systems of ideas, the life and light of all its own vast creation; and man is tributary to divine Mind. The world would collapse without Mind, without the intelligence which holds the winds in its grasp. Neither philosophy nor skepticism can hinder the march of the Science which reveals the supremacy of Mind" (p. 209).

DESCRIPTIVE MEETING NEWTONVILLE MAN

In a letter written by Lt. George I. Whitehead, Jr., navigator and gunner on a Flying Fortress, to his parents, Mr. and Mrs. George I. Whitehead of 15 Otis Park, Newtonville, he describes a chance encounter with Capt. Evan Johnson whose home is at 88 Otis st., Newtonville, a few doors away from the Whitehead residence.

The friend was not there at the time and the party who answered offered to convey a message to him. When Lt. Whitehead gave his name the other party asked if he knew the George Whitehead who used to play hockey for Newton High School, and on being informed that he was, told him that he was talking to his former hockey coach, Capt. Evan Johnson.

Breaking all local schoolboy hockey league records, Newton High School marked up its fifth consecutive shutout by blanking Belmont 4 to 0, to take over fourth place in the Greater Boston Interscholastic standing at the Boston Garden Saturday afternoon.

Medford went into a tie for first place by defeating Arlington, 3 to 2, as Melrose and Rindge fought up to a 1 to 1 deadlock. Cambridge Latin turned in the surprise of the afternoon by upsetting Stoneham 5 to 2, for its first league win.

Dana Switzer, Newton's goalie, ran his record of being unscored upon up to 158 minutes and then was forced to leave the game in the last two minutes when he received a cut forehead from a flying puck. Henry Bartzak ended the game at the net.

Capt. Henry Geary accounted for two of the Orange goals, with Dick Sennott receiving credit for an assist on each occasion. Bob Quinlan made Newton's second goal on assists from John Recco and Co-Captain Wes Hayes. Bob Wilson accounted for the other Newton goal in the first period.

The Garden City will tackle Stoneham at the Boston Arena on Friday night in its final game of the season.

Bruins broke their seven straight losing streak by defeating the Rangers 7 to 2. Schmidt, Palozan and Cain scored in the first period. Calladine in the second and Kopak, Guidolin, in the final period, Kopak scoring twice. The kids did all right Sunday night the Rangers never had a chance.

Tuesday, February 8, our Bruins turned in a masterpiece for the biggest upset of the year when they defeated the league leading Canadiens 3 to 0. Gardner was a master in the net and turned back all Canadiens shots. Kopak scored the first goal for the Bruins and Boll had a great night scoring two goals. Rittinger, Egan, Crawford each had one assist with Cain getting two assists. The Bruins dumped the Canadiens right and left at the start which took all the fight out of them.

Newton's straight win Bruins slapped the Blackhawks down 5-4 and the job was done on Chicago ice Thursday night, Feb. 10. Chicago threw everything they had at the Bruins but could not stop them. Brennan, Boll, Kopak, Egan and Guidolin scored the goals for the Bruins. This puts the Bruins ahead of Chicago who

thought they had something soft in the Bruins.

Gill Dodds showed the way to the other speedsters in the Waban mile at Madison square Garden Saturday night, Feb. 6. Dodds ran the mile in 4:10.6 defeating Bill Heike of Newark by three yards.

English high just nosed Newton in the state schoolboy track meet at Boston Garden Saturday, Feb. 12. Newton lost out by only half a point, English scoring 30 points to Newton's 29 1/2. It was nip and tuck all the way with English scoring 5 points to Newton's 4 1/2 in the relay race.

Newton shut out Belmont 4 to 0 at Boston Garden Feb. 6. Don Switzer running his shutout record to 128 minutes, some goalie did not.

Bob Coleman was named manager of the Braves succeeding Casey Stengel. Bob has sent up many good players to the Majors including Hank Greenberg, Rudy York, Tommy Bridges, Pete Fox, Gerald Walker, Whit Wyatt, Claude Passeau, Birdie Tabbitts, and many others. Coleman played with the Pirates and Cleveland. Bob managed many teams. His last assignment was with Evansville where he was quite successful.

Chalking up his fifth Suburban League victory, the Newton High School Basketball team went into third place in the loop standing by defeating Cambridge Latin, 37 to 26, at the Newton High Gym yesterday.

Phil Jasset set the pace for the winners with 11 points, while Roger Bryant, Bob Weinstein and Dick Crosby were other high scorers for the defending champions. Paul Mahoney starred for Cambridge.

Newton will tackle undefeated Waltham quintet tomorrow in a return Suburban League tilt at Waltham.

Opening its sports schedule Dr. Anthony Oliver's newly formed Newton Centre Young People's Fellowship basketball team defeated West Newton A. C., 55 to 30, at the Newton Centre Play-ground Building.

Tony Esposito set the pace for the winners with a total of 30 points. Tony Sorsini and Tim McGuinnis were other stars for the winners. Vosvow was high scorer for West Newton.

Ninety of America's top skiers, probably the best group to get together since the national meet three or four years ago, competed in the National Ski Meet held February sixth at Alta, Utah. The course was a steep giant slalom set up by professionals from Sun Valley. Nineteen inches of new powder nicely packed covered a deep base.

The competitors included picked men from the ski troops at Camp Hale, Colorado. Two of the four men representing the 85th ski regiment, Dick McCrudden and Bill Reid, were local boys from Newton, Mass., former mem-

bers of the Kimball Union Ski team.

Friedel Pfeiffer of St. Anton, Austria, now chief instructor at Sun Valley, came in first. Dick McCrudden, supervisor of ski instructors at Camp Hale, led for the 85th ski regiment.

Local Residents Contribute \$3100

Residents of Newton contributed \$3100.79 to the Eleventh Annual Appeal to fight Infantile Paralysis and to this total will be added several hundred dollars which has been mailed by the residents of Newton direct to Bill Cunningham, Boston Herald sports writer.

Through the cooperation of the School Board and Dr. Anderson, Supt. of Schools, a day was set aside throughout the schools of the city on which the school children contributed a total of \$885.82.

The Parochial Schools under the direction of John J. Cahill contributed \$107.15.

The sum of \$774.62 was collected in coin boxes, which were placed in stores and public buildings throughout the various villages of the city.

The two local theatres did a grand job. For one week during the campaign prominent women of the city, under the leadership of Mrs. Bill Cunningham, of Newtonville, took up a collection at each performance, and the total of these collections amounted to \$1135.72.

The efforts of the following men and women who assisted in the campaign were responsible in a good measure for its success: Frank Hackett, Newton; Maxwell Robson, Newton Centre; Warren Oliver, Newtonville; John Gordon, Auburndale and Lower Falls; Kenneth Rogers, West Newton; Herbert Cotton, Wabnet, Newton Highlands, and Upper Falls; Con Lane, Nonantum; Mrs. Leo Baldwin, Mrs. Richard Cole, Mrs. Donald Gibbs, and Mrs. Elmer Pillsbury.

Praises Local Policemen

A letter has been received by Chief Michael T. Hughes of the Newton Police from Chief Thomas E. Johnson of the Lewiston, Maine, police department, in which the latter praises very highly Sgt. Patrick J. King and Philip Purcell of the Newton Police Department for their aid in apprehending a man wanted in Lewiston for bigamy. The letter reads as follows:

"Please accept my sincere thanks for the courtesies extended to Officer Cailier and me on the occasion of our visit for the purpose of returning Gilbert C. Starrett to our jurisdiction.

"Inspector King and Sgt. Purcell did a good job in locating and apprehending Starrett for us in such a short time.

"I was also impressed by the courteous manner used by both of these officers, not only toward us, but also toward the prisoner, and feel that you are fortunate in having men of this type to depend on.

"If there is anything that I can ever do for you in this general vicinity, please do not hesitate to call upon me."

Are Tendered A Surprise Party

WILLIAM V. B. FAWCETT GUEST SPEAKER AT TROOP 8, BOY SCOUT DINNER

Troop 8 of Newton Centre celebrated its 33rd anniversary as a Boy Scout organization by a dinner which was attended by almost a hundred Scouts, Scout Leaders and parents. It was held at the Newton Centre Methodist Episcopal Church and the dinner arrangements were under the direction of Mrs. Lawrence Staples.

WILLIAM V. B. FAWCETT

and the ladies of the church. At the head table were Raymond W. Blaisdell, Chairman of the Troop Committee, BSA of Troop 8; Acting Scout Executive Dick Carlson, Scout Commissioner of Norumbega Council, Jim Wallon; Scout Master of Troop 8, James D. Blackall; Herbert Downs, Jack Means and John Rourke, Assistant Scoutmasters; and Freddie Anderson, Junior Ass't Scoutmaster; and Peter Cummings, Troop Scribe. Also, the guest of honor, William V. B. Fawcett, a former President of Norumbega Council, the present Chairman of Region 1 (New England Area) and a member of the National Executive Committee of the Boy Scouts of America, and Dr. Hawver, the minister of the church.

Mr. Blaisdell expressed the thought that an effective educational program is only as good as its leadership and that in Troop 8 under the guidance of Jim Blackall the troop has advanced notably because of his standards, ideals and capacity to pick good associates. That the leaders had the capacity for leadership, knowledge of scouting and were sincerely interested in the boys who composed the troop. The troop, now starting on its 34th year of service to Scouting in Newton Centre, was thriving because the program of Scouting is sound and of interest to the boys. Back of this leadership he spoke of the faithfulness of the members of the Troop 8 Committee which includes the following: Worthing L. West, Treasurer; Henry S. C. Cummings, Secretary; Abner H. B. Wondell, R. Bauckman, Ralph B. Emery, Fred D. Fowler, Dr. Francis C. Newton, Dr. Harold Newell, Harold W. Smith and Hugo Van Roosen. These men meet monthly and have helped immeasurably in keeping Scouting in this oldest of all troops in the council active, purposeful and interesting to its boys.

Commissioner Walton spoke of the pleasure of being present in his capacity as the Commissioner of Norumbega Council and as a parent of one of the boys belonging to Troop 8. He urged all parents to attend the District Court of Honor for the Sachem Tuesday, Feb. 29th, at Trinity Church Parish House, when elaborate plans are being made to make this court one of the best conducted and most interesting courts held during the last several years. It will be led by Ralph B. Emery, who was for so many years Chairman of the Advancement Committee of the Council. Dick Carlson, Acting Scout Executive of Norumbega Council, spoke enthusiastically about the

Cub and Scout Exposition to be held on Saturday, Feb. 26th, between 2 p. m. and 10 p. m., at the West Newton Armory, which will be the first of its kind held in Newton during the last ten years. It will be a live demonstration of Cubbing and Scouting—showing what the boys go through learning the Scouting Program. 12,000 tickets at ten cents each are available for sale and the proceeds will be used by the groups selling them.

Scoutmaster Jim Blackall was then introduced. He spoke of his gratitude in seeing so many parents present; that through such cooperation a scoutmaster is inspired to carry on; and that he considered that the parents and the scoutleaders were all partners in the business of making men of the boys now in this 'troop—boys who will be men in the world of tomorrow! He said every effort was being made to move up the boys in the lower classes and hoped the parents would be needed to accomplish this aim. He then announced that the winners of the Patrol Contest for the first half of the year were the Panther Patrol which is composed of the following boys: Freddie Knight, Patrol Leader; Alan Newton, Ass't Patrol Leader; John Cummings, Seth Newton and David Brown—who were presented Pack Boards. Mr. Blaisdell told of the greetings received from Joseph P. Jamieson, President of the Council, expressing his regret at not being able to attend the dinner. A hearty applause was given to Tony DeStafino, who has for many years been in charge of the Newton Centre Playground, and a good friend of Troop 8.

Mr. Fawcett spoke on "Boy Scouts in a World at War" and delivered a splendid and inspiring message. He stated that he found good scouts wherever there was good leadership, good committee and parent backing. In every group of scouts there is the potentiality of greatness; the potentiality to be big and fine and great. In every way we try through Scouting to help the boy to do things with more self-reliance, with better spirit, and with finer ideals. Scouts have collected millions of pounds of metal and rubber and paper; they have been recognized as "official couriers" and have done an outstanding job for the Office of Civilian Defense. Over a hundred million boy hours have been given by Boy Scouts last summer working aside and in the place of men so that America might have more to eat. Seven hundred boys helped to harvest apples and potatoes, in New England, helped to harvest corn and cotton, tobacco and fruit for 120 million Americans! Over 27 per cent of the boys in the service have had Scout training; of the 7,000 Sea Scouts—four thousand Scouts hold commissions; and 69 per cent of the boys who have been decorated were at one time Scouts.

Mr. Fawcett mentioned some of the extraordinary achievements of Scouts in time of War and spoke particularly about one of the first boys to become an Eagle Scout after having started as a Cub Scout. Although member of Troop 20 his father has for many years been associated with Troop 8 as a member of the Troop Committee. The lad born in 1922, became an Eagle Scout at 15; graduated from the Naval Academy in 1939 among the first four and sailed for the first time on the submarine during this war. He received five decorations and became in time Lieut. Senior Grade. After a brief visit to his home he was placed second in command of a Submarine and received orders from Australia to attack a convoy of 33 ships. He

Mayor Approves Salary Increases In City Clerk Dept.

An increase in the appropriation for salaries of members of the staff of the City Clerk's department has been approved by Mayor Paul M. Goddard, although not to the extent recommended by the department in its estimate for the year.

The department last year expended \$9,906 for salaries of Clerks and had requested for this year the sum of \$8,880. The mayor has cut this sum to \$8,580. The sum of \$2,308 was spent last year by the department for the Board of Registrars of Voters, and this year the request is for \$4,150 which the mayor had cut to \$4,052.

The sum of \$8,500 requested for election expenses was approved by the mayor, as the presidential election and two primary elections will occur this year. Last year with only the city clerk's election expenses were \$3,188.

The budget figures for the City Clerk's Department as recommended by the Mayor compared with the amounts expended last year are as follows:

War Parents Chapter Formed

Newton Chapter, War Parents of America, is now fully organized with its initial group of members. Roy L. McQuillan, national president, who addressed a preliminary meeting on Feb. 11, sent his official greetings. The next meeting of the organization will be held on March 6 at the War Memorial auditorium, City Hall.

An invitation has been extended to Governor and Mrs. Leverett Saltonstall to become active members in honor of their two sons in the armed services, and is also eligible. Dignitaries cannot be named as honorary members, this privilege being extended only to gold star parents.

Newton has a number of eligible honorary gold star families. The first to be elected to that distinction are Mr. and Mrs. Antonio Magni, 140 Adams st., Newton.

Mr. Moriarty, temporary president of the Newton Chapter, has had a long and successful experience in organization work, and proved his ability by bringing in 16 new members personally, in addition to the two honorary members.

Other temporary officers, who will serve until the chapter is officially closed, are as follows: Secretary, Oswald Patrick, 30 Thornton st.; treasurer, Mrs. John O. Brown, 3 Proctor st.; executive committee members, John O. Brown, Mrs. Etta Haverly, Angus MacLean, Roderick MacLean, Mrs. Harry A. Van Wart, and Mrs. Lewis D. Wood.

This group held a meeting at the Newton YMCA on Sunday afternoon, during which plans for the growth and expansion of War Parents into every part of Newton and for a succession of meetings in various parts of the city were adopted.

Obviously with dues of only \$1 per member, funds are not available to notify each of the 6000 families of Newton, but all war parents, wives of service men, next of kin and the public generally may attend open meetings until the charter is officially closed.

Potentially War Parents may become the largest organization of a civic or patriotic character in Newton. With 6000 or more men and women in the service from Newton, it is estimated that 7500 persons are eligible for membership.

CAPT. HENNRICKS PROMOTED TO MAJOR

Admiration can never be bought. It has to be earned. George F. Hennrikus always earns it, as a man and a soldier.

Everyone in the 716th was genuinely glad to learn that he had been promoted from Captain to Major. As ex-officer of the battalion, he frankly defines his job as "just a buffer for the colonel."

Major Hennrikus was formerly connected in the Newton Police Department. He is married, has four sons, one of them an Aviation Cadet with a bomber outfit in New Mexico.

The Major has served with the National Guard and has seen action in the Mexican border disputes. During most of World War I he was a sergeant machine gunner with the 26th and 28th divisions and got his Second Lieutenant's just about when the war ended. He returned to service in May 1942, and went directly with the 716th battalion.

ALUMNI OFFICERS ELECTED

During a recent Alumni Meeting of the Bryant & Stratton Commercial School, 334 Boylston st., Boston, Alumni Officers for 1944 were elected. Ralph E. Houghton, 73 Allerton rd., Newton, was re-elected Treasurer. Other officers are Harold McManus, Milton, President; Beecher Hodgdon, Watertown, first Vice-President; Marion Grimes, Medford, second Vice-President; Charles M. Sparkes, Belmont, Secretary.

Aldermen Again Reject Petition For Junk Shop

The petition of William Shrieberg of the Nonantum Used Parts Company for licenses to resume operation of the salvage plant and junk shop at 73 West st., Newton, was again rejected by the Newton Board of Aldermen on Monday night, when over riding a majority report of the license committee, the Board voted 12 to 6 against the petition.

The sum of \$75,000 for snow removal was appropriated by the board at the request of Mayor Paul M. Goddard who had recommended this sum for the budget. Due to the possibility of a heavy snow storm occurring before the budget is passed it was necessary to take immediate action on this matter.

An appropriation of \$15.50 was passed for settlement of a claim of dental supply company for supplies furnished at the Health Department in 1943, also an appropriation of \$7.51 was made for settlement of the claim of the Boston Edison Company and the New England Telephone and Telegraph Co. for services rendered the Department of Municipal Defense in 1943.

The Board authorized the Coughlin Industrial Fund to invest \$25,000 in United States Series "F" War Bonds.

Twelve residents and property owners of the Roosevelt Road section of Newton Centre who attended the meeting recorded themselves as being in favor of construction of drains and sewers in that section. Residents of Garden st., Newton, also appeared in favor of the proposed construction of paving and curbing on that street from Fayette st. to Jewett st., and its acceptance as a public way under the law providing for the assessment of betterments.

The reappointment of Howard L. Rich as a member of the Recreation Board for a period of three years from the first Monday in March was submitted to the Board by Mayor Goddard. The board will vote on confirmation of the appointment at the March 6th meeting.

Four Year Old Girl Selected As "Miss Bullough's Pond"

Four-year-old Dorothy Dillon, daughter of Mr. and Mrs. Matthew J. Dillon of 66 Commonwealth Park West, Newtonville, was selected as "Miss Bullough's Pond" at the annual skating carnival of the Newton Recreation Department held Sunday, at Bullough's Pond, Newtonville.

The program included a hockey game in which Newton High School defeated the Boston College Informals, 8 to 6; exhibition skating by nationally known stars and races. Among the organizations represented were the Newton Figure Skating Club, the Commonwealth and Boston Skating Clubs.

Among those attending were Mrs. Louis H. Marshall, chairman of the Newton Recreation Commission; F. Ewing Wilson, Newton Recreation Commissioner; Director John F. Donahue who was assisted by Roy McDonald of the Newton Figure Skating Club, Carl Penny, James Bryson, Francis Bryson, William Ryan, Oliver Cavanaugh, Phillip Swarts, Helen Swaine, Phillip Larrison and Richard Nugents.

HUGE MASS MEETING HELD BY WAR FUND COMMITTEE

Workers Given Outline Of Need For Supreme Effort To Surpass Quota

A huge mass meeting was held Thursday evening by the War Fund Committee of the Newton Red Cross, with Charles B. Floyd, chairman of the 1944 campaign, presiding.

Prior to the meeting in the High School Auditorium, two chapter vehicles—a large ambulance and the Carten Clubmobile, as well as a fleet of auxiliary ambulances, were on view in front of the school entrance. Junior Red Cross was represented by the High School Band, which played outside until the beginning of the meeting at 8:15.

Mr. Floyd told the Volunteer solicitors just how important the 1944 Red Cross War Fund drive is, in view of ever increasing activities in all theatres of the war. He then introduced Mayor Paul M. Goddard, who gave a brief message to the workers. After this, Miss Maybeth Gibson and Charles Raymond Cabot, Chapter chairman, demonstrated the ten questions most likely to be asked the solicitors, and the correct answers to each.

Following the questions and answers, Cameron Beek, well known business executive, spoke on the importance of the Red Cross in this critical war period. He told the volunteers that there is a call now for greater service than they have ever given before, that we at home are supplying the ammunition to win the war but that it is Red Cross that is preserving the life of our fighting men so that they can carry on when the ultimate victory is won. Mr. Beek illustrated his points by citing actual cases that have come to his attention where Red Cross service and Red Cross blood plasma have been the deciding factors between the life and death of some of our fighting men.

The meeting concluded with the March of Time, showing Red Cross at his side on the battlefronts all over the world, and with an effective and colorful series of tableaux showing how Newton Red Cross serves the armed forces.

The audience then partook of hot coffee and doughnuts served in true Clubmobile fashion from the new Canteen vehicle, which has just been presented to Newton Red Cross by the Brotherhood of Temple Emanuel Unit, and the workers were Mrs. Milton Levenson, Mrs. Laurence Levin, Mrs. William James and Mrs. I. Siegal.

The ushers at the meeting were members of the Junior Canteen Corps, and included Barbara Speck, Louise Pelton, Marilyn Quint, Shirley Shapiro, Jane Sunderland, Mary Mullein, Joan Cooper, Harriet Callard, Nancy Hicks, Grace Ingals and Doris Spindle.

Those taking part in the tableaux were: Canteen, Mrs. Scott Foster, Mrs. Sidney Wiggin and Robert S. Petty; Nurse's Aide, Mrs. F. J. Fessenden, Jr., and her two young daughters, Andrea and Susan; Louise's Dietitian Aide, Mrs. Frank S. McDonald, Mrs. John Mitchell and Mrs. Harvey Karp; Motor Corps, Mrs. Robert M. P. Kennard, Miss Barbara Krause, Miss Jean Harvey and Mrs. Elizabeth Birch; Production, Mrs. Louis Aronson, Mrs. George W. Taylor, Jr., and Mrs. Douglas McKeller, Jr.; Gray La-

dies; Mrs. Fred Stritzinger, 3rd, Franklin Newcomb and Samuel Lord, Jr.; Home Service, Miss Elaine Carmins, Mrs. Henry Cate, Jr., and Barbara Strauss; Blood Donors, Mrs. James H. Caine, Mrs. Richard H. Judd and Leonard Fols; the symbolic Greatest Mother in the World was portrayed by Mrs. Arthur W. Johnson.

I HAVE A BOY

By W. J. Healey

Dedicated to his son, Lt. (jg)
W. J. Healey, Jr.
I've a wonderful boy, and I say
to him "Son,"
Be fair and be square in the race
you must run.
Be brave if you lose and be meek
if you win,
Be better and nobler than I've
ever been.
Be honest and noble in all that
you do,
And honor the name I have given
to you.

I have a boy and I want him to
know
We reap in life just about as we
sow;
And we get what we earn be it
little or great
And I'll teach him and show the
best that I can,
That it pays to be honest and up-
right, A Man.

I will make him a pal and a
partner of mine,
And show him the things in this
world that are fine,
I will show him the things that
are wicked and bad,
For I figure this knowledge
should come from his Dad.
I will walk with him, talk with
him, play with him, too,
And to all of my promises strive
to be true.

We will grow up together, I'll too
be a boy
And share in his trouble and
share in his joy.
We'll work out our problems to-
gether and then
We will lay our plans when we
both will be men.
And Oh, what a wonderful joy this
will be,
No pleasure in life could be
greater to me.

'Twas a beautiful dream, but
along came this war
And demanded my boy, plus ten
million more,
To wipe out aggression, give free-
dom new birth,
Extend the four freedoms to
men on earth.
And to prove alike to
alist and Hun,
Only right will triumph
war is won.

I have a boy and I want him to
know,
My faith in his courage continues
to grow.
My faith that the lessons he
learned at my knee,
Have made him a man that I
want him to be,
God guide and direct him, and
hasten the day
He returns to my hearthstone,
and peace holds sway.

Seed Box in Sunny Window Gives Plants Head Start

A small box in a sunny window will give the seeds of a few favorite varieties of Victory garden vegetables several weeks' head-start this spring.

If you have no cold frame or hot-bed, yet do not want to be limited to the selection of plants usually in the market, the seed box offers a way to grow your own.

The name "flat" is usually applied to the seed box, it may be of any convenient size, from a cigar box to the standard florist's flat, which is usually 14 by 20 inches, 4 inches deep. Holes may be bored in the bottom of the box to assist drainage, though if the boxes are not watertight, excess water has no difficulty in escaping through the cracks. A cigar box should be reinforced by wire to keep it from falling apart.

Soil used in a seed box should always be put through a sieve. The coarse soil may be used in the bottom, the fine on top. Florists' potting soil is the best, or a fine garden loam, about half sand.

Seed may be broadcast one variety to a flat; or sown in rows, which allows several varieties to be grown in the same box, each row being labeled. The broadcast method has some advantage with tiny seeds.

Seeds which are broadcast are usually less crowded than those in rows. If you sow in rows, use the

Newton Notables

NOMINATED
for the
HALL OF FAME

The initial appearance of this column last week has brought us a new name for our list of Notables living in Newton. This is one of the purposes of the column.

Last week we gave some of the high-spots in the careers of Mr. Charles J. Connick, master craftsman in stained glass and Mr. Neal (Russell) O'Hara, nationally-known newspaper columnist. Today we shall consider a prominent resident of West Newton, Mr. Guyas Williams, famous artist and cartoonist and another resident of Newtonville (featured on Feb. 10), Mr. Elijah William Cunningham, popularly known as Bill Cunningham, featured columnist on the Boston Herald.

Mr. Guyas Williams, who is officially listed as both an artist and a cartoonist, lives at 14 Sylvan ave., West Newton, and has a studio on Boylston st., Boston. He was born in San Francisco, Cal., on July 23, 1888. He attended the Manor School in Stamford, Conn., and received his A.B. from Harvard University in 1911. He married Miss Margaret Kempton of Newtonville on May 27, 1915. Old timers in Newton will recall with much pleasure their association with the late Herbert S. Kempton, the present Mrs. Williams' father, who was for many years prominently identified with the Boston Herald.

Mr. and Mrs. Williams have two children, a daughter Margaret and a son David Guyas, currently serving in the Navy as First Boatwain's Mate.

Many people have asked me from time to time how Guyas Williams, whose cartoons appear regularly in the Boston Globe and numerous other papers, got out the country; got his start. I asked him point blank last night. My recollection had been that the old Boston Transcript had published a remarkable cartoon entitled "Twelve Strokes and Dr. Muck," which attracted nationwide attention. Mr. Williams, with twelve deft strokes, treated an excellent likeness of the man who conducted the Boston Symphony Orchestra. The famous H. T. P. of the Transcript was so intrigued that he asked for more of Mr. Williams' work. However, Mr. Williams' own feeling at the moment is that perhaps the most vital break of all came several years later when an anti-German cartoon of his was turned down by Life, Puck and Judge and then, for no reason that the artist could understand was accepted by Colliers. Frank Casey, art editor of this magazine, ran this war cartoon on the front page after getting Wallace Irwin to write a couplet to go with it. Later on, when Charles Dana Gibson took over Life, the cartoon was featured in the current magazine of the same name, he secured the services of both Frank Casey and Guyas Williams.

Mr. Williams' first professional connection was with the old Youth's Companion, where he worked on the editorial staff and was also art editor from 1911 to 1920. Later on, he contributed to the New Yorker, Century and numerous other well-known magazines. Still later he teamed up with the New York Herald Tribune, where he worked with Robert Benchley, and illustrated a number of his books. Each man appears to add lustre to the other's reputation.

Finally, it should be noted that Mr. Williams is also an author. In 1929 he published The Guyas Williams Book and in 1940, Fellow Citizen.

Elijah William Cunningham lives at 42 Sheffield rd., Newtonville. That statement means precisely nothing to nine out of ten readers of this column. The gentleman referred to, however, is the very famous Bill Cunningham, ace columnist of the Boston Herald and formerly one of the most expert sports writers in the entire country. In those days he was writing for the Boston Post. Bill Cunningham, as he definitely prefers to be known, was born in Pattonville, Texas, on Feb. 11, 1896, and obtained his A.B. from Dartmouth College in 1920. On June 15, 1921, he married Miss Doris Estelle Wilde. The couple have two children, the Misses Lydia and Marcia.

Bill started in his career as a reporter on the Dallas News, 1921-1922. From there he moved right in on the Boston Post, where he rapidly built up a national reputation for colorful, dynamic and authentic sports writing. Then, in 1924, the Boston Herald pulled a coup d'etat and took Cunningham away from the Post. Almost immediately, the Herald circulation boomed impressively as Bill moved out into larger spheres of interest. He was now writing of war, current events, big-time politics, etc. A number of his daily columns were reprinted in the Congressional Record. Furthermore, there was a growing demand to have Cunningham deliver addresses here and there and everywhere. The writer has heard him frequently and has invariably taken away something important and helpful from the meeting.

Cunningham is a veteran of World War I, having served as First Lieutenant of Artillery in the AEF. In the current war he has made a definite contribution as a member of the Joint Army and Navy Committee on Welfare and Recreation.

Finally, Bill would feel hurt if I did not mention that he is President of the Left-Handed Golfers Association of New England.

The clever correspondent of the Boston Herald, who writes up the doings of the Legislature predicts that the committee on towns will report in favor of annexing the Morse field in Watertown to Newton.

The bells will be rung and the flags displayed at half mast on the various public buildings tomorrow in commemoration of Washington's birthday.

According to instructions from the Post Office Department, Postmaster Billings of Newton Upper Falls is weighing each mailbag as it arrives and departs, in order to ascertain the weight of mail material handled, and, secondly, in order to be made with the railroad authorities for carrying the mail. This is to be done for the next three months.

50 YEARS AGO

Newton Graphic, Feb. 22, 1895
Some 200 citizens of Newton Centre have signed a petition for free delivery and collection of mails in Newton Centre. Copies of the petition may be found at Richardson's provision store, Bray's block, and at Gardner's Drug store, White's block.

A great deal of interest is felt here (Nonantum) in the coming election and the voting booth in Waban Park has been placed in position.

Wolcott and Pratt have bought out the firm of C. N. Allen and Co.

25 YEARS AGO

Newton Graphic, Feb. 28, 1919
Senator John W. Weeks will be the guest of the Massachusetts delegation in Congress at a dinner tendered in his honor at the Metropolitan Club. It is unusual for a retiring senator to be honored in this manner, but this is illustrative of the hold Senator Weeks possesses on the affections of his colleagues. Mr. Weeks had intended going to France immediately after adjournment to see his son, Sinclair, an artillery officer with the 26th Division, but the expected early return of that division will make the trip unnecessary.

The city of Newton received another honor when it was awarded the privilege of naming a second ship, this time in recognition of its work for the Fourth Liberty Loan. It is one of the 8 places in New England that sold the largest amount of Liberty bonds per capita in their respective classes. Originally these winners were to have the honor of naming fighting tanks but the early signing of the armistice made that out of the question. So Mrs. Woodrow Wilson, who is directing the naming of the emergency ship, has granted the privilege of having ships of that fleet named after this winning town and cities.

Newton Centre

Ruth M. Kincaid, American Red Cross hospital staff aide for the ship arrival in Australia has been announced, is the sister of Miss Lillian C. Kincaid of 9 Florence st., Newton Centre. Until her Red Cross appointment, Miss Kincaid was with the Office of Civilian Defense and War Production Board, Washington, D. C., working on speech writing and radio script work. Previously, she did free lance writing, and advertising work for the Harding Oil Burner Corp., Boston. She is a graduate of Newton High School.

Brotherhood Temple Emanuel will present the annual "Pops and Kids" party for children aged seven and over on Sunday afternoon, Feb. 27, from 3 to 6:30. There will be an amateur show in which children may also participate with prizes for the winners. There will also be the first exclusive showing around New England of the 1943 World Series, in sound. A buffet supper will be served at 6 p. m.

Miss Betty Van Gorder, daughter of Dr. and Mrs. G. W. Van Gorder of 70 Burdett rd., is on the Dean's List for the first semester of the school year at Colby Junior College, New London, N. H.

Leonard Kroll Berkowitz of 38 Hobart rd. is a candidate for the degree of Bachelor of Science in Administrative Engineering at Cornell University's 78th commencement on Sunday, Feb. 27, the seventh in history to be held in wartime.

Newton

Miss Mary Rose McWilliams, daughter of Mr. and Mrs. George Arthur McWilliams, 62 Cabot st., has been elected secretary of the Catholic Club and treasurer of the Spanish Club at Radcliffe College. Since the college adopted a wartime schedule of three terms, students who are elected now will hold office for one term only. Miss McWilliams was secretary of her class last year.

POLITICS

WITH COLOR
By P. W. O.

Look At "Look"
Here's a tip. Read the March 7 issue of "Look." There is more intensely interesting political data, comment and analysis than I have noted in a single issue of any magazine for over a year. Let me give you just a few tid-bits.

The cover shows Gov. Dewey of New York, whose record and potentialities for the Presidency are discussed in lively fashion by Don Wharton. Then there is a fascinating illustrated article about that intriguing West coast Governor, Earl Warren of California. Gov. Warren and our own Governor Saltonstall continue to be widely mentioned as perfect candidates for the Vice-Presidency, unless, perchance, they should be catapulted even higher. Especially interesting is the double-page spread of photos showing all 48 Governors and giving their ages, political party and business connections. Just as an aside, I might state that there are a number of Governors who would run last in a beauty contest. Some, to be perfectly frank, look almost like men you would be afraid to meet on a dark night. On the whole, however, they are men of obvious character and rather younger than one might expect. Nine Governors are in their forties, ten are in their fifties, five in their sixties, one (Gov. Edge of New Jersey) is seventy and one (Gov. Goodland of Wisconsin) is just eighty. Governor Saltonstall is 51 years old. That's about the average of the entire group.

Other important articles deal with the 26 Republican Governors and the tremendous power which they can wield, if they care to, at the Republican National Convention next June; the results of a poll conducted among all 48 Governors for the purpose of finding out what the most pressing current state problems are today, as well as what post-war plans are being made in the various states and, finally, a brilliant article by Thomas Stokes entitled, "The Southern Governors will play ball (with Roosevelt!)"

It is strong urge my readers to pick up this issue of "Look" or read it in the library. It is definitely "Must" reading.

The Ely Candidacy
Former Governor Joseph B. Ely of Westfield keeps bobbing up in the news from time to time. Right now he is in the limelight as a candidate for the Democratic nomination for President. All the politicians are watching developments closely and wondering how strong a slate of pledges to-Ely delegates will be assembled in the state. Theoretically, all this is of no consequence to Republicans. However, ex-Governor Ely is a fine man, a strong man and commands the respect of hundreds of thousands of voters all over the state. As a matter of fact, it is possible that he won his first election as Governor to those who were indifferent to the late William S. Youngman and put their crosses opposite the name of Ely.

There is another angle to this Ely boom. It provides an excellent opportunity for anti-New Dealers and others who dislike Mr. Roosevelt's domestic policies to get together and register their protest. It would not surprise many of us to have the Ely slate run quite well in most Congressional districts. It is barely possible that Ely may walk off with a majority of the state delegation. That needn't say, would hearten the anti-administration forces in other states.

Now that about that much-discussed fourth term for FDR? Despite the threat of a Jeffersonian ticket placed in the field by stubborn Democrats, it does not appear to this commentator that the President has too much to worry about UNTIL the actual election. At that point his difficulty will be the turning back of the Republican opponent, rather than a possible third party ticket. It is my considered opinion today that Mr. Roosevelt is heading for serious trouble this Fall, regardless of what happens to the soldier vote. Incidentally, I am one of those who surmise that the soldiers will vote about as they would if they were back home. In other words, they will register their profound disgust over war-time strikes, labor coddling, Madame Perkins, Harold Ickes, rationing muddling and all the rest.

Finally, think over this possibility. Mr. Roosevelt may not be given the green light by his medical advisers. Even if he does get it at the crucial time next June, who knows what his political soothsayers will tell him to do? Felix Frankfurter, Judge Roseman et al., may tell him that he will be going to the wall one time too many. He may decide to call it a day. Who knows?

Assets Increased During Last Year

Despite war claims amounting to \$1,971,331 and heightened manpower problems due to the fact that 1700 members of the company have entered the armed services, the John Hancock Mutual Life Insurance Company showed its greatest progress in 1943.

President Guy W. Cox, at the policyholders' 81st annual meeting held in Boston, February 14, announced that the increase in John Hancock's assets during the year was \$153,420,344, the highest record, while the increase in insurance in force, also the highest record, was \$602,365,209. The total insurance in force increased to \$6,438,540,577, the largest amount in the company's history.

"These records were made possible," observed President Cox, "only by the increasing value placed upon life insurance by the people of our country and by the confidence of more than 7 million policyholders (more than one tenth of life policyholders in the United States) associated in a non-profit, purely mutual organization for their economic stability and security."

Admitted assets at the close of 1943 amounted to \$1,441,468,994, representing a gain of 12 per cent. In connection with these gains it was reported that the market value of the John Hancock's bonds is more than \$35,000,000 greater than their amortized value used for asset figures.

Assigned liabilities amount to \$31,313,454,251 of which sum \$1,165,980,771 constitutes the legal policy reserve. The general surplus or safety fund is \$128,014,742, or 9.74 per cent of the liabilities it protects.

Total gross income in 1943 was \$316,648,498, including premiums of \$247,434,174. The total is \$32,048,166 more than in the previous year and the balance of gross as well as premium incomes are the highest in the company's history.

Payments to policyholders and beneficiaries amounted to \$108,985,001 or \$363,283 per business day.

Mortality experience was more favorable than might have been expected under war conditions and was not appreciably higher than in 1942, when it reached the lowest point in the John Hancock's experience. Payments on account of death as a result of suicide amounted to \$311,273, which is the lowest figure for more than fifteen years.

The John Hancock's purchase of United States Government securities during the year amounted to \$150,085,750, bringing the total investment in government securities since Pearl Harbor to \$267,125,750.

has been missing in action since this difficult assignment. But when the war is over his host of friends hope that he may emerge as a prisoner and come home to his home and to the Troop he belonged to. He was speaking of Lieut. Hugh Van Roosen, son of Hugo Van Roosen. We owe a great deal to such boys and the only way we can pay it is to do our part and to everyday remember the Scout Promise: "On my honor, I'll do my best."

The meeting which followed consisted of movies shown by Dr. Francis C. Newton of Camping at Nobscot. Demonstrations were then presented by the boys. Charles Phaneuf showed what a pack should contain. Freddie Knight and Alan Newton explained the use of a Pack Board. Donald Walton and Herbert Bailey showed the capacity of a Pack Basket. Tommie Schorer demonstrated the purpose of a knapsack. Bobbie Newton, the Senior Patrol Leader, was given a hand. A Contest then was conducted between Peter Cummings, Herbert Bailey and Freddie Knight in woodchopping and the logs were decimated in that order! The final demonstration was lighting a fire with flint and stone. Fred Knight was first, Don Walton second and John McAloon, Patrol Leader of the Stag Patrol, third, and Don Smith fourth. Dick Means played taps with his bugle after the Scout Pledge was given by the boys assembled. It was in every way one of the jolliest and most successful parties ever held by Troop 5.

To Present "A Highland Fling"

George Abbott will bring "A Highland Fling" to the Wilbur Theatre beginning Monday, Feb. 28.

"A Highland Fling" is a comedy imbued with all the light-hearted gaiety its title implies. Margaret Curtis, charming young author of the play, who also appears in one of the leading roles, is a native of Scotland and she canny handles her characters, aristocrats, and simple villagers of the highlands, with understanding and humor. Using fictionalized folklore as a background, Miss Curtis has fashioned a story that is fresh, unhackneyed and animated with robust merriment. In directing the play Mr. Abbott has taken full cognizance of its sky-larking possibilities.

Ralph Forbes, of the stage and screen, will be seen in the leading role, that of a handsome philanthropist who is only slightly hampered in his flirtatious habits by the fact that he is a ghost. His wife, whose exemplary life has won her a pair of wings and a full angel's status, finds it difficult to keep the roving eye of her spouse from lingering overlong on a lovely, slightly daff, village maiden. For all of its vivacious and diverting, rowdy humors, "A Highland Fling" speaks tenderly of love.

In addition to Mr. Forbes and Miss Curtis the cast assembled by Mr. Abbott includes Frances Reid, John Ireland, Karl Swenson, A. P. Kaye, St. Clair Bayfield, Marguerite Clifton, Gloria Hallward, Ivan Miller and Patti Brady.

A small reception followed at the home of the bride's parents, Mr. and Mrs. Edward Vestal French of "Ledge-wood," Winchester. Lt. Williams is the son of Mr. and Mrs. George Horace Williams of 102 Homer st., Newton Centre.

Given in marriage by her father, the bride wore a period gown of white blush satin, a point applique lace veil, which had been worn by her mother, and carried white freesia, bride's roses and butterfly orchids. Miss Priscilla Hartman, of Fox Point, Wisconsin, her cousin was the maid of honor. Her gown was of yellow organza and she carried a bouquet of heather and pansies. Miss Mary Stark, and Miss Rosalind Stark of Chicago, twin cousins of the bride, Miss Louise Wynne of Washington, another cousin of the bride, Mrs. Richard Lovell (Beverly Warren Smith) of Alexandria, Va., Miss Beatrice Talbot and Miss Alison Smith both of Brookline, and Mrs. Parker Williams (Frances Hill) of Weston, were the bridesmaids. Their gowns, fashioned similar to that of Miss Hartman's, were in aqua, and they carried cascade bouquets of spring flowers.

Parker Williams of Newton was the best man for his brother. The ushers were G. Colby Walworth, of New York, cousin of the groom, Roger Earle of Dover, Vt., Robert French, brother of the bride, Hugh Tomb and Edward P. Wallace, both of Newton Centre, Richard M. Whidden, of Brookline, Lt. Robert Weir USNR, and Joseph Montgomery of Springfield. Another brother of the bride Pvt. Edward Leith French, was an honorary usher.

All Must Need Faith In Future

Pres. Carl S. Ell of Northeastern University declared in the Layman's Sunday sermon at the Newtonville Methodist Church, Walnut st., last Sunday morning that we all need faith in the future as we face the inevitable problems and difficulties which lie ahead. "We need faith that the thing can be done and faith in ourselves as we look ahead," the speaker said.

"It is not easy to have very fervent faith in the future with this destruction of human life, this human carnage going on in so many places, and with the world going to pieces. Time and time again today we see persons who are in the depth of despair lifted up and given new hope and new faith—persons for who faith in some great cause, a new-born faith in themselves, a greater faith in the future have given renewed strength and courage and power."

Dr. Ell cited A. J. Cronin, author of "The Citadel," who threw half of that story in an ash can but later got back his courage and finished the book; and George Washington Carver, the southern Negro who rose from poverty to make many important discoveries. "It was faith in the future that inspired Thomas Jefferson to write that all men are created equal and have an inherent right to life, liberty, and the pursuit of happiness; and it was faith in the future that led George Washington to leave a life of ease and comfort at Mt. Vernon and cast his lot with the 13 struggling colonies instead of with the soldiers of the king," he concluded.

Miss M. Evangeline Morse, di-

rector of Social Morality, will present Mrs. Katherine L. S. Goddard, who is the Mass. State Director of Social Morality.

She will speak on the importance of home training; and secondly the responsibility that the community has to safeguard our youth.

The sordid conditions prevailing under repeal of the 18th Amendment have recently been given publicity by Judge P. Sarsfield Cunniff of our Middlesex Court. He also condemns the present laxity of home and municipal protection of our youth. Judge Cunniff is quoted as saying, "Some people wonder why there is a sentiment for prohibition." He added, "Some day an enraged public will stand up and drive these lepers out, and I hope I'll be there when it's done."

Tea will be served at 4 o'clock by Mrs. George W. Barber and Mrs. C. D. Kepner. The public is invited.

Kiwanis Activities

At the Kiwanis Club meeting Tuesday, Feb. 15 announcement was made that Wilfred Chagnon has recovered from his recent illness and is back on the job. Cady Peck and Herb Leiberman, who were inducted as members the previous week were appointed to the Membership and Classification Committee and to the Attendance Committee respectively.

John D. Haughey, Street Commissioner of Newton was introduced by Walley Finlay and spoke about the public works department of the city. He outlined the responsibilities of this department and gave some figures of the cost of various services rendered to the public. He characterized public works as things which are done better by the community than by the individual. He said that Newton citizens are getting more than their money's worth as far as service is concerned and quoted statistics to show that most work of this kind can be rendered at much less expense by the city than by the individual citizen. Newton has approximately 200 miles of public streets and 400 miles of sidewalks. There are 41 bridges and 200 miles of sewers to be maintained. In addition, his department takes care of 267 acres of land most of which is park space.

Mr. Haughey said that the citizens of Newton have a right to expect a reasonable amount of service from the Street Department. The normal quota of employees is 325 and at present the department is operating with less than 200 employees. At the same time the expenses of the department have been steadily reduced. He told something of the past war plans that are being given consideration, by a special committee appointed by Mayor Goddard. New plans for the disposal of trash and other refuse, as well as new systems of traffic control were outlined as possibilities. Some of these plans are already in the workable stage and some are entirely experimental. However, Mr. Haughey indicated that the future can produce some very interesting and helpful developments.

NEWTON HOSPITAL ISSUES BOOKLETS

The Newton Hospital has just published and distributed a booklet entitled "Getting well at the Newton Hospital." It is generously illustrated with interior views of the various hospital departments, the reception room, the kitchens, Blood Bank, Therapy and Children's Dept. etc.

The introductory paragraph reads as follows: "This is your hospital, built and maintained for your care and comfort. Those who serve in it want you to like it and want you to like them. They are here to help you, if you are a patient, and to make you feel more comfortable. They will do this more easily, we think, if at the outset you understand what their task is and the conditions under which they work."

The booklet goes on to tell about everything connected with a hospital visit, preliminary arrangements, Ward and Private room care, what to bring with you admitting procedure, nursing service, meals, rules for visitors etc.

It is really a well prepared remarkably informative booklet, important to patients and their relatives and interesting reading to any citizen.

A companion booklet has also been issued, outlining the hospital's organization, its management, services, activities and its financial standing. A double page spread picture, a comprehensive view of the hospital building and grounds.

A copy of either or both booklets may be obtained by communicating with the office of Director Gerhard Hartman at the hospital.

THE COMMONWEALTH OF MASSACHUSETTS

LAND COURT

Berkshire, ss. 7626, Misc. To the Honorable the Judges of the Land Court for the Commonwealth of Massachusetts.

Respectfully represents Lillie E. Jordan of Pittsfield, in the County of Berkshire and said Commonwealth; that she is owner of a certain lot of land with the buildings thereon, situate in Newton, in the County of Middlesex and said Commonwealth, bounded and described as follows: in that part of Newton aforesaid called Newton Centre and bounded as follows: Northerly by Gibbs Street one hundred feet; easterly by land now or formerly of Ellis one hundred and thirteen 87/100 feet; southerly by land formerly of Samuel D. Garey one hundred feet; westerly by land formerly of said Samuel D. Garey one hundred and seventeen 37/100 feet. Being premises conveyed to the said Lemyra C. Garey by deed of Alphonso W. Snow, Assignee, dated September 5, 1894 and recorded with Middlesex So. District Deeds, Book 2316, Page 370.

That the record title to said lot of land is clouded by a mortgage given by Charles B. Garey and Lemyra C. Garey, his wife in her own right, Henry C. Hubbard of Boston, Mass., dated 28th day of December 1894, and duly recorded Book 2332, Page 41, and assigned to Erastino Boothby of Portland, Maine, Jan. 30, 1896, recorded Book 2435, Page 360, purporting to secure a note for \$500, payable 6 months from date thereof with interest annually, which mortgage appears to be undischarged and unenforced on and by the record.

That for more than twenty years after the expiration of the time limit for the full performance of said condition no payment has been made and no other act done in recognition of said mortgage; and

That the mortgage named in said mortgage and those claiming under her have been in uninterrupted possession of said land for more than twenty years after the expiration of time limited in said mortgage for the full performance of the condition thereof.

WHEREFORE your petitioner prays that after appropriate notice a decree may be entered on the foregoing allegations as authorized by Section 15 Chapter 240 of the General Laws as amended by Chapter 20 of the Acts of 1924.

A Newtonite On Broadway

By SAUL R. EXELBERT

MAIRZY DOATS AND BROADWAY NOTES. Hometown interest gets top billing. For Bob Howard, colored singing comedian of the "Early to bed" musical was an honest-to-goodness West Newtonite. And "la belle" Diane Courtney, vocalist, on the 7:45 Jesters Show, is a close friend of the Church Street Wellingtons. Any New Yorker who has been in Boston it seems has also been to Norumbega and in passing, states that Newton is the city of city's "Porgy and Bess," still going strong on the road and again on Broadway cancels a Canada tour to accommodate the thousands of New Yorkers pleading for six more weeks at "low prices" at the coming-to-be famous City Center. Porgy may even return to a Broadway theatre at regular prices after finishing its Center engagements—Martha, Tosca, and Carmen, are the operas at the 55th Street theatre next week with Diana Barrymore Colt, daughter of Ethel, in the leading role of Martha. If you can't get to see "Oklahoma" or "One Touch of Venus" (and you won't) at least you can buy good seats for "Early to Bed" the breeziest musical comedy on Broadway. But a warning, let Junior stay home, and have the paying guest prepare to what a "dramazon" looks like—Mary Martin, Miss Venus, has New Yorkers buzzing about her "Venus mink"—Comics two, funny too—Zasu Pitts "Ramshackle Inn" and Paul Laurence of "Venus"—Talk about town has the Sixth Ave. Association suggestion a change in 6th Ave. to Avenues of the Americas, and subway stations debating over the 10c underground controversy which is shocking N. Y. commuters—Cafe Extrordinaire—the Colony on 61st Street & Madison, Cafe Glamour—Sardi's on W. 44th Street and Shubert Alley—Radio has Mickey Rooney set for a sponsored air show but MGM is ugh, ugh—Statistics show that the theatres in N.Y. sold \$536,000 worth of March of Dimes drive last month.

And RKO movie houses are sponsoring a Baby Beauty Bond Contest which already had two customers donating \$29,000 for their choices (notice to our Paramount in Newton!)—"This is the Army" now playing in England soon to be headed for the Mediterranean area—"Rebecca" will come to the stage with Conard Nagel and Gertrude Musgrove considered for the Laurence Olivier and Joan Fontaine roles—if the play goes thru. Statistics again, and this time they show that the leading road shows the past year were Oklahoma, Sons of Gun, Blossom Time and Porgy—RKO rule the Broadway movie houses with four **** attractions, Song of Bernadette at the Rivoli, Lifeboat at the Astor, Jane Eyre at Radio City and The Sullivan at the Roxy—Your boys overseas have chosen "Stage Door Canteen" and "Arsenic and Old Lace" (not yet shown in the states) as the best pictures played on the fighting fronts—A band that draws the crowds and yet hasn't a big jitterbug name is Phil Spitalny and his Hour of Charmettes who rocked Cleveland for \$4,000,000 in war bonds at a recent concert—William Gaxton will be chairman and Milton Berle, the first chosen entertainer of the "Show of Shows"—New York's next big donating bid-in the Emergency Committee to Save the Jewish People of Europe, which sponsors the greatest show of the season at the Garden March 13th.

Micky Alper, former headline at the once famous Coconut Grove, is now making his comeback in grand style at the Belmont Plaza, Glass Hat—Weekly Outline for visitors—For a hotel supper try the Century Room at the Hotel Commodore neighbor to Grand Central, cocktails at the Glass Hat, restaurant, the Colony, and a night club at the Latin Quarter in the heart of Times Square—Hint for out-of-towners: Before making the rounds in N.Y. acquaint yourself with the following Broadway newbies: Variety Cast, About Town, Billboard, Cue, New Yorker and Dance—Grace Moore making her first appearance of the current Broadway season won't laud her for her Tosca role and the best Met performance two weeks ago.

Blonde Miss Moore, who startled opera critics by playing Tosca without the usual brunette wig, will return to sing Tosca again February 28th after an engagement tour in Cuba—Reviewing the current 3 bests on Broadway: Oklahoma at the St. James for a MUSICAL, The Voice of the Turtle at the Morosco for COMEDY, and Winged Victory at the 44th Street Theatre for DRAMA—For close seconds and a sure bet to get a seat, there's the COMEDY, Kiss and Tell at the Biltmore; DRAMA, Tomorrow the World at the Barrymore, and for MUSICAL, The Ziegfeld at the Imperial.

Rotary Club

The speaker scheduled to be the guest last Monday, was not able to come and so President Herbert N. McGill called on William Rinehart of the Waltham Club, who sometimes gave us a very interesting lecture on hand writing.

"Bill" Rinehart very kindly consented to pinch hit, and he gave us a most interesting talk on his hobby, creative music, illustrating with lyrics and songs, playing his own accompaniments at the piano in a most versatile and impressive manner. This proved to be one of the best meetings in a long time, as well as one of the most interesting.

A very cordial invitation was extended to the members of the Newton Rotary Club by Roy Edwards to attend the dinner of the Canadian Club at the Copley Plaza Hotel March 3.

Benjamin Lewis of Kiwanis Club talked on the progress of the paper "What's Cookin' in Newton" and read a letter from one of the boys who was pleased to receive it, as he was lonesome and homesick. Scores of letters have been received from service men commending the morale-building effect of "What's Cookin' in Newton."

"Christ Jesus" is the subject of the Lesson-Sermon to be read on Sunday, Feb. 27, 1944, in The Mother Church, The First Church of Christ, Scientist, in Boston, Mass., and in all of its branches.

The Golden Text, "No man hath seen God at any time; the only begotten Son, which is in the bosom of the Father, he hath declared him," is from John 1:18.

Other Bible citations include: "And there shall come forth a rod out of the stem of Jesse, and a Branch shall grow out of his roots; . . . And shall make him of quick understanding in the fear of the Lord; and he shall not judge after the sight of his eyes, neither reprove after the hearing of his ears; but with righteousness shall he judge the poor, and shall prove with equity for the meek of the earth" (Isaiah 11:1, 3, 4).

The Lesson-Sermon also includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Jesus' spiritual origin and understanding enabled him to demonstrate the facts of being; . . . to prove irrefutably how spiritual Truth destroys material error, heals sickness, and overcomes death. . . . The history of Jesus shows him to have been more spiritual than all other earthly personalities" (p. 315).

Lions Club

Rev. Charles Thompson Allen of the Newton Methodist Church was the speaker at the Newton Lions Club at their weekly meeting. Mr. Allen spoke on Brotherhood and Intolerance and in his talk stressed the various types and causes of intolerance, which he was sorry to report not only exist, but are even increasing. In his life as a minister Mr. Allen has seen some glaring examples among people of education in whom it would be thought that their intelligence would put them beyond such smallness.

The speaker continued saying that intolerance is very undermining to any democratic form of government and is really a tool of the Axis, and, therefore, during Brotherhood Week he urged that we all examine ourselves to see if we were guilty of this subversive activity.

The next meeting is to be Ladies Night and the committee, consisting of J. Frank Dunleavy, Philip McHugh and Harold Miller, has perfected plans for a worth-while evening of entertainment.
